*Art. X PERMISSIBLE USES (con't)***Section 15-147 Use of the Designations Z,S,C in Table of Permissible Uses (AMENDED 11/18/03; 6/22/04; 10/25/05; 11/22/05; 6/26/07; 11/27/07; 10/28/08, 11/24/09. REWRITTEN 4/23/09)**

(a) Subject to Section 15-148, and subsection (h) of this section, when used in connection with a particular use in the Table of Permissible Uses (Section 15-146), the letter “Z” means that the use is permissible in the indicated zone with a zoning permit issued by the administrator (except that, in connection with use classification 26.200, minor subdivisions, the letter “Z” means that final plat approval shall be granted by the Planning Director). The letter “S” means a special use permit must be obtained from the board of adjustment, and the letter “C” means a conditional use permit must be obtained from the Board of Aldermen. **(AMENDED 1/22/85; 11/18/03)**

(b) When used in connection with single-family, two-family and multi-family residences (use classifications 1.100, 1.200 and 1.300) outside the watershed districts, the designation “ZSC” or “SC” means that tracts developed with four dwelling units or less require a zoning permit, tracts developed with between five and twelve dwelling units require a special use permit, and tracts developed with more than twelve dwelling units require a conditional use permit. When used in connection with single-family, two-family, and multi-family residences in the watershed districts, the designation “ZC” means that tracts developed with one dwelling unit shall require a zoning permit and tracts developed with two or more dwelling units shall require a conditional use permit. **(AMENDED 1/22/85; 2/24/87; 12/15/87)**

(c) When used in connection with major subdivisions (use classification 26.100) outside the watershed districts, the designation “SC” means that subdivisions containing between five and twelve lots shall require a special use permit, and subdivisions containing thirteen or more lots shall require a conditional use permit. **(AMENDED 7/21/87; 12/15/87)**

(d) Subject to Section 15-148, use of the designation “ZC” (which designation appears only under the zoning district columns applicable to the commercial and manufacturing districts) means that a conditional use permit must be obtained if the development involves the construction of more than 3,000 square feet of new building gross floor area *or* the development is located on a lot of more than one acre, and a zoning permit must be obtained if the development involves the construction of 3,000 square feet or less of new building gross floor area *and* the development is located on a lot of one acre or less. **(AMENDED 11/14/88) (REWRITTEN 4/23/13)**

(e) Subject to Section 15-148, use of the designation “Z,S” means that a zoning permit must be obtained if the development is located on a lot of two acres or less while a special use permit must be obtained for developments in excess of two acres.

(f) Use of the designation Z,S,C, for combination uses is explained in Section 15-154.

(g) When used in connection with use classification 18.400 (publicly-owned towers and antennas of all sizes that are used in the provisions of public safety services), the designation “ZC” means that the development of such towers that are fifty feet tall or less

Art. X PERMISSIBLE USES (con't)

shall require a zoning permit, and the development of such towers that are more than fifty feet tall shall require a conditional use permit. **(AMENDED 10/04/88, 02/18/97)**

- (h) Whenever any 1.000 classification use is proposed for a lot in the R-2, R-3, R-7.5, and R-10 zoning districts and such use would otherwise require the issuance of a zoning permit under the provisions of this section, a special use permit shall nevertheless be required if:
 - (1) The use involves (i) construction of an addition to an existing dwelling, or (ii) construction of an additional dwelling on a lot where at least one dwelling already exists, or (iii) construction of a dwelling on a lot from which a previously existing dwelling has been removed within a period of three years prior to the application for a permit under this chapter, and
 - (2) The gross floor area of any one dwelling unit exceeds 3,500 square feet, or the gross floor area of all dwellings covered by the proposed permit exceeds 5,500 square feet.
 - (3) This requirement shall not apply if at least one of the dwelling units is an affordable housing unit as defined in Section 15-182.4(a).
 - (4) This requirement shall not apply with respect to a proposed one-time addition to a dwelling that has been in existence for a period of at least twenty years if such one-time addition results in less than a 25 percent increase in the gross floor area of such dwelling and less than a 15 percent increase in the gross floor area of all dwellings covered by the proposed permit.
- (i) When used in connection with 8.100, 8.200, 8.500 and 8.600 uses, the designation "ZC(1)" means that a zoning permit must be obtained if the total area within a development to be used for this purpose does not exceed 1,500 square feet and the use is to take place in a building in existence on the effective date of this subsection while a conditional use permit must be obtained whenever the total area to be used for this purpose is equal to or exceeds 1,500 square feet.
- (j) Notwithstanding the other provisions of this section, whenever a building of more than two stories or 35 feet in height is proposed within the B-1(g), B-1(c), B-2, CT or M-1 zoning districts, a conditional use permit must be obtained from the Board of Aldermen. **(AMENDED 10/25/05)**
- (k) Notwithstanding the foregoing, Uses 22.200 Child Day Care Facilities serving nine to fifteen children, and 22.300 Senior Citizen Day Care, Class A, serving four to sixteen seniors, that are located on collector or arterial streets are permissible with a Zoning Permit issued by the

Art. X PERMISSIBLE USES (con't)

Administrator. For the purposes of this section, collector streets are those streets whose function and design meet the current town standards for classification as collector streets; and arterial streets are those listed in subsection 15-210.

l) Notwithstanding the foregoing, if a use within use classifications 2.112, 2.120, 2.150, 2.220, 2.230, 3.120, or 3.220 is proposed for an existing building within the WM-3 zoning district, and no other changes to the site are proposed that would require the issuance of a new permit under Section 15-46, then such use shall be permissible with a zoning permit. **(Amended 10/28/08)**

m) Notwithstanding the foregoing, 5.110 uses may be permitted within the B-4 zoning district only when proposed within an existing building and when no other changes to the site are proposed that would require the issuance of a new permit under Section 15-46. **(AMENDED 11/24/09)**

Section 15-148 Board of Adjustment Jurisdiction Over Uses Otherwise Permissible With a Zoning Permit.

(a) Notwithstanding any other provisions of this article, whenever the Table of Permissible Uses (interpreted in the light of Section 15-147 and the other provisions of this article) provides that a use is permissible with a zoning permit, (i) a conditional use permit shall nevertheless be required if the administrator finds that the proposed use is located within the University Lake Watershed (i.e., the C, B-5, and WM-3 districts) and would have a substantial impact on neighboring properties or the general public, and (ii) a conditional use permit shall nevertheless be required if the administrator finds that the proposed use is located in the B-1(c), B-1(g), B-2, or CT zoning districts, the use is shown as permissible in those districts with a "ZC" designation in the Table of Permissible Uses, and the proposed use would have a substantial impact on neighboring properties or the general public; (iii) otherwise, a special use permit shall nevertheless be required if the administrator finds that the proposed use would have a substantial impact on neighboring properties or the general public. **(AMENDED 01/22/85; 12/15/87; 02/25/92)**

(b) A special use permit shall be required for any use that is otherwise permissible with a zoning permit if the administrator concludes that, given the impact of the proposed use on neighboring properties, the vested right conferred upon the permit recipient pursuant to Section 15-128.2 should not be conferred without an opportunity for public input. A conditional use permit shall be required for any use that is otherwise permissible with a zoning permit if the administrator concludes that, given the impact of the proposed use on the general public, the vested right conferred upon the permit recipient pursuant to Section 15-128.2 should not be conferred without an opportunity for public input. However, if the zoning administrator makes this determination, the permit applicant may require that the application be returned to the zoning permit process by submitting to the administrator a written waiver of the vested right normally acquired under Section 15-128.2 upon the issuance of a zoning permit. **(AMENDED 10/01/91; 02/25/92)**
