Neighborhood Information Meeting August 3,2022 on Proposed Rezoning

904 Homestead Rd, 820 Homestead Rd, 310 Lucas Lane

13 nearby residents and/or interested parties attended the NIM meeting.

The attendees' concerns were:

Would the plan (Option A, 70 triplex/duplex units) allow for enough on-site parking (since the units will not have garages)? And how would the aesthetics look?

How would 70 new units impact traffic in Claremont and on Homestead Rd.

That this type of housing didn't match up with the single family housing in the adjoining Claremont neighborhood.

Based on feedback from the attendees' we created a 2nd option (Option B, 42 units combining single family and triplex units).

Option C answers all of their needs by adding garages and an alley to reduce parking concerns, reduces traffic by developing fewer lots and matches housing types with connecting neighborhoods.
