Experience to Aid You in Working on Advisory Boards I am serving my final of six years on the Transportation Advisory Board which focuses heavily on pedestrian and bicycle safety. Providing safe crossings at intersections and bus stops to increase access to Town destinations is a sorely needed improvement to make it safer for people to walk and bike to school.

Reasons You Wish to be Appointed I wish to represent the TAB on the SRTS implementation committee. My main motivation for joining the committee is to greatly reduce the number of children who are dropped off or ride the bus, who otherwise would walk or bicycle, because of unsafe conditions on their route to school. I have a son who will be entering kindergarten at Carrboro Elementary in 2018 and hope to have a number of recommendations implemented so he and his friends in our neighborhood can travel safely to school by walking or bicycling.

* Provide examples of how your are involved in the promotion of travel and tourism in the Town of Carrboro.	I am a sophomore at Carrboro High School, and I commute every possible day (every day that is not extreme weather). This makes me a good candidate for this committee, as I will provide a student perspective on bike accessibility to Carrboro.
Community Activities/Organizational Memberships	I have volunteered under State Representative Graig Meyer and worked with him at the State Legislature. From that I learned about committees, legislation, and how to better my community. I have also worked on increasing teacher pay by selling wristbands and donating the money to the PTSA. I teach Hebrew at my local synagogue to fifth graders.
Experience to Aid You in Working on Advisory Boards	My experience in this includes working under Representative Meyer, hearing the NC House of Representatives debating committee bills and creating legislation like the Advisory Board will. I also am taking Honors Civics and Economics this year and learning a lot about the democratic process. I am also in Model UN which calls upon my skills in making an argument and resolving conflict.
Reasons You Wish to be Appointed	I would like to be appointed to the Safe Routes to School Implementation Committee so I can help improve our town's accessibility, better our community so that more students like me are able to bike and walk to our school. Right now, my school has very few kids who bike, and it would be really great to see more students bike. This would help with physical activity which is low for adolescents. I also find that I feel better and am better able to attend to school better when I bike. Finally, walking and biking to school helps the environment. However, to accomplish the goal of more students walking and biking, we have to make our lanes, roads, and paths much better and establish safe driving practices near schools. We

also have to establish a culture of walking and biking. That is why I want to be appointed to this committee.

Experience to Aid You in Working on Advisory Boards I have participated in Model UN (a mock United Nations conference). This improves my skills of debating and negotiating. Last year, as a freshman in high school, I was a captain of my high school's Frisbee B-team. I also captained the JV baseball team, along with another teammate. All these opportunities I have had make me a better person, as I improve my collaboration skills.

Reasons You Wish to be Appointed It will allow me to voice my opinion to a local board that will directly impact me as a person. It will also give me an opportunity to give back to my community as well as potentially have an impact on my community. Also, it will look good on my college resume.
