Proposals expire after 10 days, but just let us know if you need more time.

Item location terms ("right", "left", etc.) assume that you are standing in the front yard, facing the house. DBH refers to "diameter at breast height." When a map is attached, item locations will be approximate. We will assume that selected items specify trees/shrubs that belong to you or that you have obtained appropriate permissions for the work.

The pricing assumes that, between the time of the quote and the performed work, there will not be significant changes to the trees, work area, or access. In exceptional cases our crews may find that the proposed tree work is unfeasible or unsafe due to factors unforeseen. In these cases we may need to work with you to revise the proposal and the pricing prior to completing the work.

Please be aware that tree-related emergencies within the community may require last-minute scheduling adjustments, particularly around storm events.

We guarantee that all work will be performed properly and thoroughly. We are fully insured. Payment is due within 30 days of receiving the invoice and a 1.5% interest rate will accrue monthly for late payments. If card payment is preferred, please inform our office staff at time of acceptance.
