We are pleased to confirm our understanding of the services we are to provide for Town of Carrboro, (the "Town") for the year ending June 30, 2015. This attachment to item 17, "Contract to Audit Accounts" (LGC-205) is intended to further clarify certain provisions of the Contract.

AUDIT SERVICES

We will audit the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information, including the related notes to the financial statements, which collectively comprise the basic financial statements, of the Town as of and for the year ending June 30, 2015.

AUDIT OBJECTIVES

The objective of our audit is the expression of opinions as to whether the Town's financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. The objective also includes reporting on:

- Internal control related to the financial statements and compliance with laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Internal control related to major programs and an opinion (or disclaimer of opinion) on compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a direct and material effect on each major program in accordance with Single Audit Act Amendments of 1996 and Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* ("OMB Circular A-133") and the *State Single Audit Implementation Act*.

The reports on internal control and compliance will each include a paragraph that states that the purpose of the report is solely to describe (1) the scope of testing of internal control over financial reporting and compliance and the result of that testing and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance, (2) the scope of testing internal control over compliance for major programs and major program compliance and the result of that testing and to provide an opinion on compliance but not to provide an opinion on the effectiveness of internal control over compliance, and (3) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering internal control over financial reporting and compliance; and, OMB Circular A-133 and the *State Single Audit Implementation Act* in considering internal control over compliance and major program compliance. The paragraph will also state that the report is not suitable for any other purpose. If during our audit we become aware that the Town is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the provisions of OMB Circular A-133; and the *State Single Audit Implementation Act*, and will include tests of accounting records, a determination of major program(s) in accordance with Circular A-133 and the *State Single Audit Implementation Act*, and other procedures we consider necessary to enable us to express such an opinion. If our opinions on the financial statements or the Single Audit compliance opinions are other than unmodified, we will discuss the reasons with management in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

AUDIT PROCEDURES - GENERAL

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from errors, fraudulent financial reporting, misappropriation of assets, or violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental

regulations that do not have a direct and material effect on the financial statements or major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures may include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of certain assets and liabilities by correspondence with selected individuals, creditors, and financial institutions. We may request written representations from the Town's attorneys as part of the engagement, and they may bill the Town for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from management about the financial statements and related matters. Because of the importance of management's written or verbal representations to an effective audit, management agrees to release Dixon Hughes Goodman LLP and its personnel from any liability and costs relating to our services under this letter attributable to any misrepresentations by management.

In providing our audit services we are required by law and our professional standards to maintain our independence from the Town. We take this mandate very seriously and thus guard against impermissible relationships which may impair the very independence which the Town and the users of our report require. As such the Town should not place upon us special confidence that in the performance of our audit services we will act solely in its interest. Therefore, management acknowledges and agrees we are not in a fiduciary relationship with the Town and we have no fiduciary responsibilities to the Town or management in the performance of our services described herein.

AUDIT PROCEDURES - INTERNAL CONTROLS

Our audit includes obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control over financial reporting. Accordingly we will express no such opinion. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under auditing standards generally accepted in the United States of America, *Government Auditing Standards*, OMB Circular A-133 and the *State Single Audit Implementation Act*.

As required by OMB Circular A-133 and the *State Single Audit Implementation Act*, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal and state award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to OMB Circular A-133 and the *State Single Audit Implementation Act*.

AUDIT PROCEDURES - COMPLIANCE

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Town's compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

OMB Circular A-133 and the *State Single Audit Implementation Act* require that we also plan and perform the audit to obtain reasonable assurance about whether the Town has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the *OMB Circular A-133 Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina* for the types of compliance requirements that could have a direct and material effect on each of the Town's major programs. The purpose of these procedures will be to express an opinion on the Town's compliance with requirements applicable to each of its major programs in our reports on compliance issued pursuant to OMB Circular A-133 and the *State Single Audit Implementation Act*.

MANAGEMENT'S RESPONSIBILITIES

Management is responsible for designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including monitoring ongoing activities; for the selection and application of accounting principles; and for the preparation and for the fair presentation in the financial statements of the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town and the respective changes in financial position and, where applicable, cash flows in conformity with accounting principles generally accepted in the United States of America; and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements. The responsibility for the financial statements and all representations contained therein remains with management and those charged with governance, which includes officers and directors of the Town. Management is also responsible for establishing and maintaining effective internal controls, including internal controls over compliance, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met and that there is reasonable assurance that government programs are administered in compliance with compliance requirements.

Management is responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. Management is also responsible for providing us with access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation and other matters. Management also agrees to provide us with any additional information that we may request from management for the purpose of the audit as well as unrestricted access to any person within the Town from whom we determine it necessary to obtain audit evidence. Because this engagement qualifies as a group audit management agrees to facilitate unrestricted access to information related to components of the Town as well as persons at components (including management and those charged with governance) and component auditors.

Management's responsibilities also include identifying significant vendor relationships in which the vendor has responsibility for program compliance and for the accuracy and completeness of that information. Management's responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Management is responsible for the design, implementation and maintenance of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud or illegal acts affecting the Town involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud or illegal acts could have a material effect on the financial statements. Management's responsibilities include informing us of its knowledge of any allegations of fraud or suspected fraud affecting the Town received in communications from employees, former employees, grantors, regulators, or others. In addition, management is responsible for identifying and ensuring that the Town complies with applicable laws and regulations, contracts, agreements, and grants for taking timely and appropriate steps to remedy any fraud, illegal acts, violations of contracts or grant agreements, or abuse that we may report. As required by OMB Circular A-133 and the *State Single Audit Implementation Act*, it is management's responsibility to follow up and take corrective action on reported audit findings and to prepare a Summary Schedule of Prior Audit Findings and a Corrective Action Plan if necessary.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying for us previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the "Audit Objectives" section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. Management is also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as management's planned corrective actions, for the report, and for the timing and format for providing that information.

We understand that the Town's employees will prepare all cash, accounts receivable, and other confirmations we request and will locate any documents selected by us for testing.

REQUIRED SUPPLEMENTARY INFORMATION

Our audit is for the purpose of forming an opinion on the financial statements taken as a whole. Accounting principles generally accepted in the United States ("GAAP") provide for certain required supplementary information ("RSI") to accompany the basic financial statements. We understand the following RSI will accompany the basic financial statements:

1. Management's Discussion and Analysis ("MD&A")
2. Law Enforcement Officers' Special Separation Allowance - Schedule of Funding Progress
3. Law Enforcement Officers' Special Separation Allowance - Schedule of Employer Contributions

4. Notes to the Required Schedules for the Law Enforcement Officers' Special Separation Allowance
5. Other Postemployment Benefits - Schedule of Funding Progress
6. Other Postemployment Benefits - Schedule of Employer Contributions
7. Notes to the Required Schedules for Other Postemployment Benefits

Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

The Town's management is responsible for the fair presentation of the RSI. As part of our engagement, we will apply certain limited procedures to the RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

SUPPLEMENTARY INFORMATION

We understand that the following supplementary information other than RSI will accompany the basic financial statements:

1. Combining non-major fund statements, if applicable
2. Budgetary schedules for all funds required to adopt a budget other than the General Fund and annually adopted major special revenue funds
3. Schedule of Ad Valorem Taxes Receivable
4. Analysis of Current Tax Levy - Town-Wide Levy
5. Financial Data Schedule
6. Schedule of Expenditures of Federal and State Awards

Such information is presented for the purpose of additional analysis of the financial statements and is not a required part of the basic financial statements. The Town's management is responsible for the fair presentation of the supplementary information. We will subject the supplementary information to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the accounting and other records used to prepare the financial statements or to the financial statements themselves in accordance with auditing standards generally accepted in the United States of America.

Management's responsibilities include acknowledging to us in the written representation letter that (a) management is responsible for presentation of the supplementary information in accordance with GAAP; (b) that management believes the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (c) that the methods of measurement or presentation

have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (d) management has disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Our responsibility is to report whether such information is fairly stated in all material aspects in relation to the basic financial statements taken as a whole. Management agrees to include our report on the supplementary information other than RSI in any document that contains, and indicates that we have reported on, the supplementary information other than RSI. Management also agrees to include the audited financial statements with any presentation of the supplementary information other than RSI that includes our report thereon OR make the audited financial statements readily available to users of the supplementary information other than RSI no later than the date the supplementary information other than RSI is issued with our report thereon.

OTHER INFORMATION

Our audit is for the purpose of forming an opinion on the basic financial statements taken as a whole. We understand the Town will prepare an introductory section and statistical section. Such information is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The Town's management is responsible for such information. We will not subject such information to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we will not express an opinion or provide any assurance on it.

MANAGEMENT'S RESPONSIBILITY FOR NONATTEST SERVICES

Management agrees to assume all management responsibilities and to oversee the non-attest services we will provide by designating an individual possessing suitable skill, knowledge and/or experience. Management is responsible for evaluating the adequacy and results of the services performed and accepting responsibility for the results of such services. Management is responsible for designing, implementing, and maintaining internal controls.

We will provide the following non-attest services:

- We will assist with preparation of the Town's financial statements, Schedule of Expenditures of Federal and State Awards, and related notes.
- We will advise management about appropriate accounting principles and their application and will assist in preparation of the Town's basic financial statements. The responsibility for the basic financial statements and all representations contained therein remains with management, which includes members of the governing board.
- At the conclusion of the engagement, we will complete the appropriate sections of and sign the Data Collection Form that summarizes our audit findings. If the Town's financial statements are to be included in a client prepared document, other than the Town's *Comprehensive Annual Financial Report*, which includes other information, the Town should notify us of the nature of the document and allow us to read such document prior to submitting the document to others. An example of another document would be an official statement in connection with a public debt offering.

We may share confidential information about the Town with these service providers, but remain committed to maintaining the confidentiality and security of the Town's information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of the Town's information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of the Town's information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of the Town's confidential information to others. Our fee for these services will be \$50,000 for the audit and \$3,000 for preparation of the financial statements. This estimate is based on the assumption there will be no significant bookkeeping assistance required or significant changes in the Town's operations including (but not limited to): issuance of new debt; new construction projects; creation of new funds; new or "State Mandated" major programs required to be tested for Single Audit; or additional procedures required in response to the discovery of fraud. We will issue contract addendums for additional fees related to any bookkeeping or changes mentioned above. The additional fees will be billed at our standard hourly rates depending on the experience level of the individuals performing the work.

Progress billings will be submitted to the North Carolina Office of the State Treasurer for approval and then mailed to the Town. All invoices are payable upon presentation.

Should the Town require additional services incidental to those specified herein which are not the subject of a separate engagement letter, upon management's request for the performance of those services we will confirm to management in writing or by electronic mail the requested services we will provide. Such services, including our fees, shall be rendered subject to and in accordance with the provisions of this letter.

We will use reasonable precautions to protect the Town's confidential information, but we have no obligation to employ any measures that the Town does not regularly employ in protecting its confidential information. As emails can be intercepted and read, disclosed, or otherwise used or communicated by an unintended third party, or may not be delivered to each of the parties to whom they are directed, we cannot guarantee or warrant that email from us will be properly delivered and read only by the addressee. Therefore, we specifically disclaim any liability or responsibility whatsoever for interception or unintentional disclosure or communication of email transmissions, or for the unauthorized use or failed delivery of emails transmitted by us in connection with the performance of this engagement or the disclosure or communication of confidential or proprietary information arising therefrom.

In providing our services we may direct management to provide the Town's information to us through a separate web based client portal in an effort to provide greater security with respect to the information. In the event we request the Town provide its information to us through such a client portal, to the extent management fails to do so or in using the client portal management fails to monitor and restrict access only to its authorized personnel (any such failure being referred to herein as a "Portal Failure") we disclaim, and the Town releases us from, any and all liability for loss and damage, including direct, indirect, consequential, incidental, and special damages such as loss of revenue or anticipated profits, arising from any interception, unintentional disclosure or communication or unauthorized use of such information incident to a Portal Failure.
