#### Relevant Experience:\*

I have been involved in Upper Tom's Creek Watershed flooding and stormwater discussions for the past 3 years. This has included attending the town's meetings, doing background research, and being in contact frequently with Randy Dodd. I'm very familiar with the history and challenges of this neighborhood in particular but my research has prepared me to begin thinking about other neighborhoods as well. As a member of other organizations (Information Science student org at UNC-CH and RTP A11y), I've helped plan and run meetings. In my professional life, I frequently synthesize and present information to stakeholders.

#### Reasons You Wish to be Appointed\*

As a member of one of Carrboro's most water-threatened neighborhoods, I'd add a key voice to greenway and stormwater discussions. I particularly understand and empathize with the feelings of people whose properties are threatened by stormwater. Also, as someone who is concerned about climate change, I am deeply concerned about how Carrboro will manage increased stormwater in the future. I believe that Carrboro should adopt the most progressive and cutting edge stormwater practices that it can. Our town should set an example for other small towns to follow.

We believe as a Town and as a Town Council that racial equity and diversity and inclusion are important. Please tell us your thoughts about this and why they are important not only in advisory board/commission work but also in all facets of local government and community work.\*

I believe it's very important to include diverse voices in local politics. Often, it seems that marginalized and disadvantaged communities are left out of key discussions which leads to solutions that serve the most privileged. I believe it will be important for the town's boards and commissions to seek out and encourage engagement from diverse voices when tackling stormwater and greenway issues.

If yes, please describe how you meet one, or more, of the following exceptions noted below.

After completing two full terms, a member must take off one year before applying for re-appointment to the same advisory board. However, a board member may apply to serve on another advisory board if he/she desires. The Board of Aldermen may make exceptions to this rule under the following circumstances: 1. To retain diversity on an advisory board; 2. A lack of applicants.

#### Relevant Experience:\*

Have you ever served on

Live at the lowest point of Webbwood neighborhood for 20 years, observing numerous flooding events during heavy rain which increased since 2015. An engineer Duke 1975 with decent understanding of hydraulics/water flow.

#### Reasons You Wish to be Appointed\*

Many conversations with fellow residents about the issue, the frustration among affected neighborhoods is very prevalent, most folks are discouraged with the town's response when asked for help on this. I want to dig in to this more and improve my perspective. This would include Webbwood, Spring Valley, Bolin Creek, and other neighborhoods whose residents I've talked with. there is a lot of confusion.

We believe as a Town and as a Town Council that racial equity and diversity and inclusion are important. Please tell us your thoughts about this and why they are important not only in advisory board/commission work but also in all facets of local government and community work.\*

There is only one race, the human race. What else needs to be said? My oldest daughter married a native of Mexico who entered the country via the desert crossing, twice. My grand daughter bi cultural. It's part of my life.
