Attachment A

DRAFT Update to Homeless Systems Gaps Analysis

January 2023

EXECUTIVE SUMMARY

Orange County has made great strides in filling gaps in the homeless service system over the past three years. Service providers and local governments have significantly expanded programs and services to address the needs of people atrisk of and experiencing homelessness. Community members and other funders have also stepped up to finance new and expanded programs.

At the same time, **demand for homelessness prevention, services, and housing has also increased**. The COVID global pandemic exposed existing inequality and overwhelmed existing supports and systems. **There are currently seventeen gaps to be filled to meet the current need and end homelessness in Orange County.**

Filling the gaps will provide the right mix of client-centered and evidenced-based programs which will in turn result in **homelessness in our community becoming rare, brief and one-time**.

Gap	Community Priority (1-6)
HOUSING	·
Income Based Rental Units	1.62
Rapid Re-housing	2.08
DV Rapid Re-housing	NEW
Permanent Supportive Housing	1.31
Youth Housing	2.38

outreach

American Rescue Plan (ARP)

Ongoing funded secured via OC Partnership to End

Homelessness budget (local

Program Description: The Street Outreach, Harm Reduction, and Deflection (SOHRAD) program began operations in October 2020 with three full-time positions – a clinical coordinator and two peer support navigators. SOHRAD works with people who are living unsheltered to connect them with housing and services. Since beginning client work in November 2020 and through mid-September 2021, SOHRAD staff served over 200 people including helping 48 people enter housing, and assisted with over 50 deflections from law enforcement involvement, including arrest and jail. Funding for a fourth full-time position could be approved by Town of Chapel Hill in fall 2021.

Gap	Progress since June 2019	Status	Notes	Needed to Fill
Housing	Orange County	FILLED	Housing Locator allow the	Continued
Locator	allocated the County portion for this position in the FY21-22 budget; OC Partnership to End Homelessness secured grant funding for 0.5FTE through the Foundation for Health Leadership and Innovation		HAC to concentrate on system-level unit recruitment	funding

Program Description: The Housing Locator provides client-level assistance in locating units for people exiting homelessness, people with Housing Choice Vouchers, and other people at risk of homelessness who contact the Housing Helpline. The position works in coordination with the Housing Access Coordinator (HAC) to develop and maintain landlord relationships. This will allow the HAC to focus more completely on system-level landlord recruitment. People are searching for units with Housing Choice Vouchers and other rental assistance without being able to locate units. As of December 2022, there are over 180 households experiencing homelessness who are connected to service providers and in active housing search, up from average of 102 households in 2019.

Program Budget:

Salary & benefits for Housing Locator position

\$67,000

Orange County has made significant progress on filling some system gaps, there is also more work to be done. Here is the current status with some gaps added from previous editions of the Gaps Analysis.

CURRENT GAPS: HOUSING

Gap	Progress since June 2019	Status	Notes	Needed to Fill	
Income-based rental housing	Some units available in the community from Town/County subsidies and HUD subsidies, with	PARTIALLY FILLED	Progress has been made with Master Leasing and development of new income-based units but	9,553 households are currently "rent	
	majority of referrals not coming through Coordinated Entry; There has been a significant expansion in the availability of Housing Choice Vouchers (HCV) since Oct 2020 with 100% of vouchers available		barriers exist in the application process that exacerbate the lack of affordable housing options for people with criminal justice backgrounds and eviction histories resulting in longer time homeless for our most vulnerable community members	burdened" meaning they spend more than 30% of their income on housing costs; At any given time, there are 3x more	
	through coordinated entry			households experiencing homelessness than the maximum number of LITHC units to be developed	
Program Description: Having an adequate supply of housing that people can afford is one of the key drivers of ending homelessness. People are less likely to become homeless if they are not rent burdened and more likely to exit homelessness faster if they can find housing that is affordable. Income based rental housing uses household income to determine amount of rent paid by clients.					
Program Budget Average subsidy		ally with incre	ased construction costs and in	terest rates.	

Average subsidy/unit has increased drastically with increased construction costs and interest rates. The current average subsidy for new unit development is \$80,000 per unit

Housing (PSH)	IFC ; Other PSH was		to identify non-HUD source	
	reallocated due to poor		for services funding to serve	
	performance		as match for CoC-funded PSH	

Program Description: Permanent Supportive Housing (PSH) serves people experiencing chronic homelessness, providing housing subsidy and case management. The Inter-Faith Council for Social Service (IFC) is requesting funds for 3 FTE case managers to allow expansion of best practice PSH program. The current program cannot expand due to the need for match funding. The program currently has 2 FTEs funded by Continuum of Care (CoC) funding. Providing local funding for PSH services would allow the CoC dollars to be used for rental assistance, and adding another FTE case manager (3 total) would provide the staff capacity needed to administer additional rental assistance from reallocated CoC funds. Permanent Supportive Housing demand has been exacerbated by COVID, from an average of about 25 households per month in February 2020 who are experiencing chronic homelessness and have high service needs to about 40 households per month in September 2021. There has been one program referral to PSH in the past two years because current programs are full.

Program Budget:

	funded with CARES Act,			
	HCV funds, and County			
	ARP funds			
Program Descri	ption: The Landlord Incenti	ve program p	rovides landlords with \$1000 sig	ning bonus
£				

Program Description: The Landlord Incentive program provides landlords with \$1000 signing bonus for new leases and \$500 for renewing leases for Housing Choice Voucher participants and participants in other programs like Rapid Re-housing, veterans programs, and for clients working with the Local Reentry Council and Compass Center. The County has funded LIP with ARP funds currently. LIP is managed by the Housing Access Coordinator. COVID eviction moratorium created stagnation in unit turnover -- providing Landlord Incentives for new and renewing leases has proven an effective strategy during COVID to create unit availability for people with Housing Choice and other vouchers.

Program Budget:

\$100,000
\$100,000
\$200,000

Gap	Progress since June 2019	Status	Notes	Needed to Fill
Furniture and household goods	Orange County used state CARES Act funding for a furniture and	PARTIALLY FILLED	The Furniture Program, St. Thomas More's Caring and Sharing Center, and	\$160,000
0	household goods program in November 2020 – over 71 households applied in a 6 week period, of whom 39 were funded an average of \$800		CommunityWorx thrift store offer some options for furniture and household goods for people entering housing. Gaps remain for returning clients, clients in Ashley Forest, and to meet community-wide need for all people exiting homelessness	

Program Description: People exiting homelessness often have little to no furniture or the other things needed to create a home, like linens, dishes, and cleaning supplies. Having items to make a housing unit livable and comfortable contribute greatly to housing stability. A best-practice program design would allow for a great deal of flexibility and client choice in allowing people to pick both what they need and what they would like for their homes. Orange County is on track to house over 160 households in 2022, the project budget estimates for 200 households understanding some do not come through the HOME Committee. The project budget estimates \$800 per household,

understanding some people will be fully or partially served by existing community programs, but that gaps remain.

Program Budget:

200 households per year, \$800 each

\$160,000

CURRENT GAPS: SERVICES – TEMP. HOUSING

Gap	Progress since June 2019	Status	Notes	Needed to Fill
Accessible, Housing- Focused Shelter	Noncongregate shelter program at local hotel funded by FEMA May 2020 – June 2021, COVID isolation non- congregate shelter available December 2021 – August 2022 and expanded Cold Weather non-congregate shelter available January –	PARTIALLY FILLED	Changes to the Chapel Hill Good Neighbor Plan are needed to allow IFC to implement best practice, low barrier approach and Emergency Shelter designation at IFC Community House; IFC also needs increased staffing to provide low barrier shelter	\$194,700 (revising Good Neighbor Plan) to \$3.17 million (building new shelter)
	March 2022 was provided with County funds			

Program Description: HUD recommends that emergency homeless shelters are accessible with low barriers to entry. Currently there is no same-night shelter availability in Orange County – people wait days, weeks, or months to enter and the wait time is highly variable. HUD further recommends that shelters are fully integrated into a housing-focused homeless service system. Stipulations in the current Good Neighbor Plan (GNP) agreement between shelter operator IFC and the neighbors of the men's shelter, Community House regarding the designation and programming at IFC Community House do not allow this currently. OCPEH will partner with stakeholders and provide technical assistance regarding the current restrictions to try to determine a way forward – changing the GNP, building a new shelter, or other option(s).

Program Budget: TBD

Gap	Progress since June	Status	Notes	Needed to Fill
	2019			
Accessible,	Noncongregate shelter	PARTIALLY	Current non-congregate	\$435,000 -
Housing-	program funded by	FILLED	shelter program uses a	annual cost
Focused	using fundraised dollars		scattered site model and is	for 9 units and

Violence	2020 - current		Amount needed to fill	services
Shelter			includes cost for 3 units	
			with services and assumes	
			the addition of 6 units with	
			services	

Program Description: Confidential Shelter for adults and children experiencing domestic violence is a persistent need in the community. Compass Center currently operates a scattered site shelter comprising of three units and refers survivors and their families to domestic violence or other types of shelters in other counties when the units are filled. Accessing safe housing near support networks is critical for survivors of domestic violence and is a key strategy to increase physical and psychological safety while reducing length of time homeless.

Note: The cost here will not meet the entire need, but is an estimate of the number of units that could be sustainable using the current scattered site model. Compass Center would like to engage in a mixed strategy method that includes sustained funds for rapid rehousing.

Program Budget: TBD

Bridge Housing	Reentry House Plus opened summer 2021 to provide bridge housing to up to 3 participants at a time, plus a house manager who also has a history of incarceration	UNFILLED	Orange County Local Reentry Council (LRC) seeing 65 people exiting jail or prison per year needed an average of 60 nights stay	\$220,500

Program Description: There is a critical need for short-term, low barrier reentry housing and supporting services to help reentering individuals re-integrate into the community, especially during COVID. Bridge Housing funds allow for short-term supportive stabilization housing at hotels for up to 60 days for 55 reentering individuals per year and supportive services for 65 individuals through Reentry House Plus. Reentry House Plus has contracted with the SWIT (Success While in Transition) program run by individuals who themselves have reentered successfully to provide a month-long course and ongoing one-on-one case management and peer mentoring for these individuals in collaboration with our Local Reentry Council. Bridge Housing and support is an evidence-based best practice for ensuring stabilization and support for people reentering from incarceration, which has been identified as a critical priority by U.S. Housing and Urban Development Secretary, Marcia Fudge.

riogram Budgett		
Hotels – 55 people per year, an average of 60 nights, \$55/night	\$181,500

	2022		Team Lead, have funding	
	ocpehnc.com/housing-		for 4 temporary staff	
	<u>help</u>		through June 2023	

Program Description: The Orange County Housing Helpline is the centralized access point for people in housing crisis, including people who need to access emergency shelter, homelessness diversion, eviction diversion, and homelessness prevention including rent and utility assistance. Since launching in March 2020 through November 2022, Helpline staff serve approximately 600 households per month. Helpline staff offer assistance using a trauma-informed and client-centered approach. The increased volume of people in housing crisis due to COVID results in increased need for Housing Helpline staff to answer calls, emails, and provide in-person assistance to households less likely to have regular access to phone and email.

Program Budget:

BACKGROUND

The Orange County Partnership to End Homelessness is a diverse group of community stakeholders including services providers, local governments and community members who work to prevent and eliminate homelessness in Orange County. This collaborative seeks to ensure that homelessness is rare, brief and one time through a coordinated system of assessment and service delivery including prevention and diversion, emergency shelter and rapid re-housing and permanent housing options.

In 2016-2017 the Orange County Partnership to End Homelessness (OCPEH) gathered a series of meetings with people with lived experience of homelessness, homeless service providers, community leaders, and state homeless experts to map the homeless service system in Orange County. This process created the Orange County <u>homeless system map</u> and the <u>homeless system gaps analysis</u>. OCPEH staff work with community members to update the gaps analysis annually, the latest updated is previewed to be approved by the OCPEH Leadership Team in January 2023
