

AN ORDINANCE AMENDING THE CARRBORO LAND USE ORDINANCE TO PROVIDE
FOR A SITE SPECIFIC, FLEXIBLE ZONING DISTRICT

DRAFT 6-16-2015

THE CARRBORO BOARD OF ALDERMEN ORDAINS:

Section 1. The Carrboro Land Use Ordinance is amended by adding a new Section 15-141.5 to read as follows:

Section 15-141.5 Site Specific, Flexible Zoning District

- (a) A site specific, flexible zoning district (FLX) may be established in accordance with the provisions of this section. The purpose of such a district is to establish detailed standards for alternative possibilities for the development of a specific tract of land, thereby facilitating the development of that property according to the demands of the market, but in a way that is consistent with sound planning and the promotion of the public health, safety, and welfare.
- (b) To be considered for FLX zoning, a tract must (i) be at least twenty-five acres in size, (ii) be under single ownership or control, (iii) be located adjacent to a major arterial such that, when developed, the principal entrance to such development will be from that arterial, and (iv) have been the subject of a site specific planning study by the Town to determine the most appropriate potential development options for such tract.
- (c) A FLX zoning district shall address the following:
 - (1) The types of uses that are permissible within the FLX district, along with a maximum (and if applicable, a minimum) percentage of the gross land area that will be devoted to each such use. The description of uses may be in reference to the use classification numbers set forth in the Table of Permissible Uses, or the uses may otherwise be described. The district regulations may also establish density or intensity limitations (expressed in terms of a maximum number of dwelling units or square feet of building floor area).
 - (2) The dimensional restrictions (building height, minimum lot size, setbacks) that shall apply throughout the district. Different restrictions may apply to different portions of the district, depending on the uses located therein. The dimensional restrictions may be described by reference to those applicable within particular zoning districts, or otherwise.
 - (3) Any limitations on the areas within the district where particular types of uses may be allowed.
 - (4) Any architectural standards that will apply to all or designated portions of the district.
 - (5) Any limitations on the timing or sequence of development of various portions of the district.
 - (6) The location of entrances to the tract zoned FLX.

- (7) The manner in which the development of the property will comply with the stormwater requirements set forth in Section 15-263. All developed lots within the district shall be subject to these standards, regardless of the amount of land disturbance, but the FLX district may allow the necessary stormwater treatment facilities to be constructed to meet these standards on a lot by lot basis, or some other basis that provides effective and efficient treatment for all new construction.
- (8) Any limitations on the location or design of parking lots and facilities.
- (9) Specifications and standards for the internal circulation system serving vehicular and pedestrian traffic, including a statement as to whether such facilities will be dedicated to the Town.
- (10) All infrastructure improvements proposed to be constructed in conjunction with the development of the property zoned FLX (including but not limited to improvements to adjoining streets) together with a schedule that links construction of such improvements to the development of the property.
- (d) Development of any lot within a FLX zoning district shall require a zoning permit (and a sign permit if applicable), but not a special or conditional use permit.
- (e) All relevant provisions of the Land Use Ordinance shall apply except to the extent that such provisions are superseded by the provisions of this section or any FLX district established pursuant to this section.
- (f) A text amendment establishing a FLX district as well as a map amendment applying such district to a particular tract shall be initiated and processed in accordance with the following provisions:
- (1) The owner of property who wishes to have such property zoned FLX shall submit a written request to the Board of Aldermen, identifying the subject property and explaining briefly why the property is a good candidate for FLX zoning. The Board may, in its discretion, summarily deny the request or direct the town attorney and planning staff to work with the property owner to develop an ordinance pursuant to this section that establishes an appropriate FLX district and that applies this district to such property.
 - (2) Once an ordinance has been drafted as provided in subdivision (f)(1), such ordinance shall be processed in accordance with the provisions of Article XX of this chapter applicable to ordinance amendments initiated by the town administration, except that (i) the Board may establish such additional processes as deemed necessary to ensure that the public has an adequate opportunity for input into the proposed FLX district, and (ii) no property may be rezoned FLX without the consent of the property owner (which consent may be withdrawn at any time before the adoption of the ordinance establishing the FLX district. The text and the map amendment may be processed simultaneously.

(3) Amendments to the FLX shall be initiated and processed in the same manner as the initial ordinance.

(g) Property within a FLX district may be subdivided according to the provisions of this chapter applicable to minor subdivisions, even if such subdivision involves the creation of more than a total of four lots or the creation of a new public street.

Section 2. All provisions of any town ordinance in conflict with this ordinance are repealed.

Section 3. This ordinance shall become effective upon adoption.
