In addition, the administrator may adopt a periodic inspection program, subject to the council's approval, to provide for the routine inspection of all nonresidential buildings or structures as defined in this ordinance.

Sec. 11A-9. - Procedure for enforcement.

- (a) *Preliminary investigation.* Whenever it appears to the administrator that any nonresidential building or structure is, or has been, vacant and has not been properly maintained so that the health, safety and/or welfare of its occupants or members of the general public are jeopardized for failure of the property to meet the minimum standards established by this ordinance, the administrator shall undertake a preliminary investigation.

issue and cause to be served upon the owner thereof a copy of said determination and the matter shall be closed.

- (2) If, after notice and hearing, the administrator determines that the vacant nonresidential building or structure has not been properly maintained so that the health, safety and/or welfare of its occupants or members of the general public is jeopardized for failure of the property to meet the minimum standards established by this ordinance, the administrator shall state in writing findings of fact in support of that determination and shall issue and cause to be served upon the owner thereof an order in accordance with the provisions of either subsections (c)(3) or (c)(4) and subject to the limitations set forth in this ordinance.
 - (3) If the administrator determines that the cost of repair, alteration, or improvement of the vacant nonresidential building or structure would not exceed 50 percent of its then current value, then the administrator shall state in writing the findings of fact in support of such determination and issue an order that requires the owner, within a reasonable time specified in the order, to either:
 - a. Repair, alter, or improve the vacant nonresidential building or structure in order to bring it into compliance with the minimum standards established by this ordinance, or
 - b. Vacate and Close the nonresidential building or structure for any use.
 - (4) If the administrator determines that the cost of repair, alteration, or improvement of the nonresidential building or structure would exceed 50 percent of its then current value, then the administrator shall state in writing the findings of fact in support of such determination and issue an order that requires the owner, within a reasonable time specified in the order, to either:

- (1) If the owner fails to comply with an order to either:
 - a. Repair, alter, or improve the vacant nonresidential building or structure, or
 - b. Vacate and Close the vacant nonresidential building or structure, the administrator may request that Board of Alderman adopt an ordinance ordering the administrator to cause such vacant nonresidential building or structure to be repaired, altered, or improved in order to bring it into compliance with the minimum standards established by this ordinance or to

be closed for any use. The property or properties shall be described in the ordinance. The ordinance shall be recorded in the office of the register of deeds and shall be indexed in the name of the property owner or owners in the grantor index. Following the Board of Alderman adoption of an ordinance, the administrator may cause the building or structure to be either repaired or closed for any use. The administrator may cause to be posted on the main entrance of any vacant nonresidential building or structure so closed a placard with the following words: "This building is unfit for any use; the use or occupation of this building for any purpose is prohibited and unlawful." Any person who occupies or knowingly allows the occupancy of a building or structure so posted shall be guilty of a class 3 misdemeanor.

(2) If the owner fails to comply with an order to either:

- a. Remove or demolish the vacant nonresidential building or structure, or
- b. Repair, alter, or improve the vacant nonresidential building or structure, the administrator may request that the Board of Alderman adopt an ordinance ordering the administrator to cause such vacant nonresidential building or structure to be removed or demolished. No ordinance shall be adopted to require removal or demolition of a nonresidential building or structure until the owner has first been given a reasonable opportunity to bring it into conformity with this ordinance. The property or properties shall be described in the ordinance. The ordinance shall be recorded in the office of the register of deeds and shall be indexed in the name of the property owner or owners in the grantor index. Following the Board of Alderman adoption of an ordinance, the administrator may cause the building or structure to be removed or demolished.

Sec. 11A-10. - Limitations on orders and ordinances—Historic landmark or historic district.

Notwithstanding any other provision of this ordinance, if the vacant nonresidential building or structure is designated as a local historic landmark, listed in the national register of historic places, or located in a locally designated historic district or in a historic district listed in the national register of historic places and the Board of Alderman determines, after a public hearing, that the nonresidential building or structure is of individual significance or contributes to maintaining the character of the district, and the nonresidential building or structure has not been condemned as unsafe, an order issued by the administrator pursuant to this ordinance and an ordinance approved by Board of Alderman pursuant to this ordinance may only require that the vacant nonresidential building or structure be vacated and closed until it is brought into compliance with the minimum standards established by this ordinance.

Sec. 11A-11. - Same—Vacant manufacturing facility or vacant industrial warehouse.

Notwithstanding any other provision of this ordinance, an order issued by the administrator pursuant to this ordinance and an ordinance approved by the Board of Alderman pursuant to this

ordinance may not require repairs, alterations, or improvements to be made to a vacant manufacturing facility or a vacant industrial warehouse to preserve the original use. The order and ordinance may require such building or structure to be vacated and closed, but repairs may be required only when necessary to maintain structural integrity or to abate a health or safety hazard that cannot be remedied by ordering the building or structure closed for any use.

Sec. 11A-12. - Limitation on enforcement of complaint or order—Approved renovation plan.

- (a) If the owner of the vacant nonresidential building or structure is served with complaint or order due to exterior and interior violations on such vacant nonresidential building or structure and if such owner repairs the exterior violations and secures the vacant nonresidential building or structure within an agreed upon timeframe, then administrator may suspend the enforcement of this ordinance for a period of up to two years from date of issuance of complaint or order if:
 - (1) Owner presents proof that owner is actively seeking to sell the property upon commercially reasonable terms. Such proof includes posting a sign in a conspicuous place on the premises indicating such nonresidential building or structure and premises is for sale or lease or other evidence that such building or structure is being actively marketed for sale or lease upon commercially reasonable terms; and
 - (2) Owner states that purpose of not repairing interior is to allow a new owner or tenant to upfit or renovate the interior of the building or structure.
- (b) When the owner secures the vacant nonresidential building or structure pursuant to this section, the administrator may require the owner to take reasonable measures to ensure that the building or structure in its closed state is in a safe and sanitary condition. Such measures include but are not limited to requiring the owner to keep boarded, if any, windows free of graffiti.

However, the administrator may reinstate the enforcement of the provisions of this ordinance at any time if the vacant nonresidential building or structure is no longer secure, other exterior violations appear or if the vacant nonresidential building or structure has conditions or a change of circumstances that make it dangerous and injurious to public health, safety and welfare.

Sec. 11A-13. - Vacated and closed nonresidential buildings or structures; abandonment of intent to repair.

- (a) If the Board of Alderman has adopted an ordinance or the administrator has issued an order requiring the vacant nonresidential building or structure to be repaired or vacated and closed and such building or structure has been vacated and closed for a period of two years pursuant to the ordinance or order, then if the Board of Alderman finds that the owner has abandoned the intent and purpose to repair, alter, or improve the building or structure and that the continuation of the building or structure in its vacated and closed status would be inimical to the health, safety, and welfare of the Town in that it would continue to

deteriorate, would create a fire or safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, or would cause or contribute to blight and the deterioration of property values in the area, then the Board of Alderman may, after the expiration of the two-year period, adopt an ordinance and serve such ordinance on the owner, setting forth the following:

- (1) When the cost to repair is less than or equal to 50 percent of the nonresidential building or structure's current value, the ordinance shall require that the owner either:
 - a. Demolish and remove the nonresidential building or structure within 90 days, or
 - b. Repair, alter, or improve the nonresidential building or structure to bring it into compliance with the minimum standards established by this ordinance within 90 days; or
 - (2) When the cost to repair exceeds 50 percent of the nonresidential building or structure's current value, the ordinance shall require that the owner demolish and remove the nonresidential building or structure within 90 days.
- (b) In the case of a vacant manufacturing facility or a vacant industrial warehouse, the building or structure must have been vacated and closed pursuant to an order or ordinance for a period of five years before Board of Alderman may take action under this section.
- (c) If the owner fails to comply with the requirements of the ordinance, the administrator shall demolish and remove the nonresidential building or structure.

Sec. 11A-14. - Methods of service of complaints and orders.

- (a) Complaints or orders issued by the administrator under this ordinance shall be served upon persons either personally or by registered or certified mail and, in conjunction therewith, may be served by regular mail. When service is by regular mail in conjunction with registered or certified mail, and the registered or certified mail is unclaimed or refused, but the regular mail is not returned by the post office within ten days after mailing, service shall be deemed sufficient. If regular mail is used, a notice of the pending proceedings shall be posted in a conspicuous place on the premises thereby affected.
- (b) If the identifies of any owner or the whereabouts of persons are unknown and cannot be ascertained by the administrator in the exercise of reasonable diligence, and the administrator makes an affidavit to that effect, then the serving of the complaint or order upon the owners or other persons may be made by publication in a newspaper having general circulation in the Town at least once no later than the time at which

personal service would be required under the provisions of this ordinance. When service is made by publication, a notice of the pending proceedings shall be posted in a conspicuous place on the premises thereby affected.

Sec. 11A-15. - Notice of lis pendens.

Upon issuance of a complaint and notice of hearing or order, a notice of lis pendens with a copy of the complaint and notice of hearing or order attached thereto may be filed in the office of the clerk of Superior Court of Orange County or the county where the property is located. The notice of lis pendens and a copy of the complaint and notice or order shall be indexed and cross-indexed in accordance with the indexing procedures of G.S. 1-117. From the date and time of indexing, the complaint and notice or order shall be binding upon the successors and assigns of the owners of and parties in interest in the nonresidential building or structure. A copy of the notice of lis pendens shall be served upon the owners and parties in interest in the nonresidential building or structure at the time of filing. The administrator may cancel the notice of lis pendens if the action in which the complaint and notice or order was issued has been settled, discontinued, or abated.

Sec. 11A-16. - Costs, lien on premises.

- (a) The amount of the cost of repairs, alterations, or improvements, or vacating and closing, or removal or demolition by the administrator shall be a lien against the real property upon which the cost was incurred, which lien shall be filed, have the same priority as, and be collected as a lien for special assessment provided in G.S. ch. 160A, art. 10.
- (b) The amount of the cost of repairs, alterations or improvements, or vacating and closing, or removal or demolition by the administrator shall be a lien on any other real property of the owner located within the Town limits except for the owner's primary residence. The additional lien provided in this subsection is inferior to all prior liens and shall be collected as a money judgment.
- (c) If the nonresidential building or structure is removed or demolished by the administrator, the administrator shall offer for sale the recoverable materials of the building or structure and any personal property, fixtures, or appurtenances found in or attached to the building or structure and shall credit the proceeds of the sale, if any, against the cost of the removal or demolition, and any balance remaining shall be deposited in the superior court by the administrator, shall be secured in a manner directed by the court, and shall be disbursed by the court to the persons found to be entitled thereto by final order or decree of the court. Nothing in this section shall be construed to impair or limit in any way the power of the council to define and declare nuisances and to cause their removal or abatement by summary proceedings or otherwise.

Sec. 11A-17. - Temporary injunction remedy for aggrieved person and certiorari review.

- (a) Any person aggrieved by an order issued by the administrator or a decision rendered by the Board of Alderman may petition the superior court for an injunction restraining the administrator from carrying out the order or decision. The petition shall be filed within 30 days after issuance of the order or rendering of the decision. A hearing on the petition shall be as provided in G.S. 160A-446(f).
- (b) Certiorari review. Every decision of the board shall be subject to review by the superior court by proceedings in the nature of certiorari instituted within 15 days of the decision of the board, but not otherwise.

Sec. 11A-18. - Conflict with other provisions.

In the event any provision, standard or requirement of this ordinance is found to be in conflict with any other ordinance or code of the Town, the provision which establishes the higher standard or more stringent requirement for the promotion and protection of health and safety of the citizens of the Town shall prevail.

Sec. 11A-19. - Violations; penalty; fee; remedies.
