

I am interested in the vacant position with the Carrboro Fire-Rescue Relief Fund Board. My resume is attached, and I've highlighted some of my background below.

I've been a Carrboro resident for some 23 years and would love to have a position that directly supports the great men and women of CFRD. We're long-time friends of the fire department and are well acquainted with them, their missions, and their goals. Our son has been firefighter for over 10 years. I used to video tape some of their fire operations for use as a training tool and for use during incident critiques. We could not be prouder of that group.

For many years I was an active scouter with Troop 845 at Carrboro United Methodist Church. I was chairman of the troop committee and still help with their email list servers. Prior to boy scouts, I was Assistant Cubmaster and den leader, with cub scout pack 811 at FPG elementary. I'm an Eagle Scout, as are both of our sons. My wife, of 32 years, and I are also active in a various leadership and volunteer positions with our church.

I'm currently employed by UNC-Chapel Hill, supporting clinical research data. I've been with the university for almost 25 years.

I'm a retired Army officer with service in Texas, Georgia, Korea, Virginia, and a tour with the 82d Airborne Division. I'm Airborne and Ranger qualified.

I have a master's degree in computer science from UT-Knoxville, and a bachelor's degree in business (accounting) from Univ of Texas at Arlington.
