

Weaver Street Market Yard Renovation and Cafe/Walk Enclosure CARR MILL MALL

101 E. Weaver Street,
Carrboro, North Carolina

L-22

Date: 07-30-18

Scale: 1" = 10'-0"

NOTES

1. Hardscape paving
 - 1a. - Large Pave-Pave Plaza pavers, 2-1/2" thickness, varying texture/color and fixed pebble finish (impermeable but with intermediate spaces for water to penetrate into subbase) with minimal slope set on setting bed of uniform size small aggregate (Bluff/Permeal or similar product) which allows for drainage and air to root system of adjacent trees.
 - 1b. - Permeable Paving in areas not immediately under tree drip zone so as not to disturb tree roots with gravel underdrainage system.
2. Channel/Slot drain to catch base/curb inlet a Weaver Street (refer to Sheet L2.3)
3. Low stone/masonry wall
4. Synthetic Grass/Artificial Turf
multi-purpose play/gathering area (previous)
5. West Patio Cover Porch
