

A RESOLUTION ADOPTING A STATEMENT EXPLAINING THE BOARD OF  
ALDERMEN'S REASONS FOR ADOPTING AN AMENDMENT TO THE MAP OF THE  
CARRBORO LAND USE ORDINANCE (N.C. Gen. Stat. 160A-383)

WHEREAS, an amendment to the map of the Carrboro Land Use Ordinance has been proposed, which amendment is described or identified as follows: AN ORDINANCE AMENDING THE CARRBORO ZONING MAP TO REZONE APPROXIMATELY 35.4 ACRES OF LAND KNOWN AS 700 OLD FAYETTEVILLE ROAD FROM R-10 AND B-4 to B-4 CZ

NOW, THEREFORE, the Board of Aldermen of the Town of Carrboro Resolves:

**Section 1. The Board has reviewed the draft amendment to the map of the Land Use Ordinance and concludes that the proposed amendment is:**

\_\_\_\_\_ *Consistent* with current adopted plans, Carrboro Vision2020 (provisions 2.0, 2.52, 3.0, 3.1, 3.312, 4.51, 4.52, and 6.11, and 6.16) for the following reason(s):

- 2.0 Carrboro's development should take place in a manner consistent with a set of adopted values. Growth should occur in a balanced fashion, and at a rate that does not jeopardized the values set forth by Vision 2020. The interests of all members of the community, including property owners, neighbors, and other interested citizens should be considered when making development decisions.
- 2.52 The town should continue to require the construction of a diverse housing stock.
- 3.1 In the interest of environmental preservation, new commercial development must minimize negative environmental impact, it must emphasize appropriate buffers, and it must not compromise the integrity of established neighborhoods.
- 3.3 Opportunities for new commercial growth exist primarily in four areas: downtown, across from the Carrboro Plaza Shopping Center, within the commercial core of a village mixed-use development, and within new office/assembly conditional use developments. The latter two options are most obviously appropriate in the transition area, but may be approved throughout the town's jurisdiction.
- 3.312 All shopping centers should be connected to residential areas with increased pedestrian access.
- 4.51 The town should continue to require developers to install sidewalks and bicycle paths in new developments.
- 4.52 New developments should bear the costs of upgrading connector and arterial facilities in the areas adjacent to their properties to the extent appropriate, including upgrades to serve pedestrians and bicycles, given the added load to the infrastructure and anticipated use of facilities.
- 6.11 Town policy should accommodate a variety of housing styles, sizes and pricing. It should also address issues of density, funding and rezoning to allow for more non-detached housing, mixed-use development, and communal living options.

- 6.16 With our growing population of senior citizens, the town should support the creation of more housing that allows our senior citizens to interact fully with the larger community. Senior access to public transit will become an increasingly important concern.
