

**AN ORDINANCE TO AMEND THE TOWN OF CARRBORO'S LAND USE
ORDINANCE RELATING TO THE STORMWATER VOLUME CONTROL
PROVISIONS**

****DRAFT 4-11-2019****

BE IT HEREBY ORDAINED BY THE CARRBORO BOARD OF ALDERMEN THE
FOLLOWING:

Section 1. Subsection 15-263, of the Carrboro Land Use Ordinance, Management of
Stormwater, (g)(3) is rewritten to read as follows:

(3) The Board finds that increases in the total annual volume of runoff associated with new development results in decreased groundwater recharge, increased stream channel instability/erosion and significant water quality degradation. Therefore to the maximum extent practicable developments shall install and maintain stormwater management systems such that the post-development total annual stormwater runoff volume shall not exceed the predevelopment volume by more than the limits set forth in the table below. The predevelopment and post-development annual stormwater runoff volume shall be calculated using the most up to date guidance and accounting methodology from North Carolina environmental regulatory agencies with stormwater management oversight.

Section 2. All provisions of any Town ordinance or resolution in conflict with this ordinance are repealed.

Section 3. This ordinance is effective upon adoption.
