What would you change about the proposed plan for East Main Street?

There is a problem at the intersection of Lloyd  
Street and East Main. If you are entering E. Main,  
the shrubbery in front of the Chinese restaurant com-  
pletely blocks vision of what would be a bicycle lane-  
It will be a disaster, unless the shrubbery (bushes) are  
removed. It is already hard to see to enter E. Main, but  
would be impossible to see a bicycle coming. Remove the bushes  
Please use the pre-stamped and addressed envelope to return your  
feedback to the Town of Carrboro.

What do you like about the proposed plan for East Main Street?

*Because I'm visually impaired, I really appreciate  
the effort to get bicycles onto the street  
rather than the sidewalk.*
