

AN ORDINANCE AMENDING THE CARRBORO LAND USE ORDINANCE TO ESTABLISH HISTORIC ROGERS ROAD MIXED USE DISTRICT AND ASSOCIATED DEVELOPMENT STANDARDS

****DRAFT 11-06-2020****

THE CARRBORO TOWN COUNCIL ORDAINS:

Section 1. The Carrboro Land Use Ordinance is amended by modifying Section, 15-136.1 Historic Rogers Road District Established, to read as follows:

Section 15-136.1 Historic Rogers Road Districts Established

- (a) The Historic Rogers Road districts, HR-R (residential) and HR-MU (mixed use), are established to implement the goals and recommendations of the *Mapping Our Community's Future* community planning effort, completed in May 2016. The intent of *Mapping Our Community's Future* and the HR Districts is to:
- 1) Create opportunities for long-term residents to continue living in the community and to age in place;
 - 2) Preserve the socioeconomic and cultural diversity of the neighborhood;
 - 3) Increase physical connections within the neighborhood, including for pedestrians and bicyclists;
 - 4) Respect and protect the natural character of the neighborhood;
 - 5) Ensure that new development is consistent with neighborhood character and the vision that residents have developed for its future;
 - 6) Provide greater residential housing choice, affordability, and diversity;
 - 7) Increase economic opportunities within the neighborhood;
 - 8) Increase recreational resources within the neighborhood; and
 - 9) Ensure that new development is adequately served by infrastructure, including streets, sidewalks, and utilities.
- (b) The HR-R zoning district is designed to protect and preserve the character of existing lower-density areas (minimum lot size 14,520 square feet, or no more than three lots per acre) within the neighborhood while providing for compatible new development, including new housing choice options, and increased home occupation opportunities for residents.
- (c) The HR-MU district is designed to provide for a broader range of housing and employment options by concentrating new development into nodes which will balance providing areas for desired new uses while protecting the overall neighborhood character. Uses appropriate in the HR-MU district include live-work units, flex space, and low-intensity neighborhood-serving establishments such as healthcare, assisted living, elder care, child care, and recreation facilities. Property proposed for rezoning to an HR-MU district shall include no

less than sixteen contiguous acres. The development of an HR-MU district may include the recombination of existing lots and/or the subdivision of new lots that meet the density and dimensional standards outlined in Article XII.

Alternative Section 1. The Carrboro Land Use Ordinance is amended by modifying Section, 15-136.1 Historic Rogers Road District Established, to read as follows:

Section 15-136.1 Historic Rogers Road Districts Established

The intent of *Mapping Our Community's Future* and the HR Districts is to:
 - 1) Create opportunities for long-term residents to continue living in the community and to age in place;
 - 2) Preserve the socioeconomic and cultural diversity of the neighborhood;
 - 3) Increase physical connections within the neighborhood, including for pedestrians and bicyclists;
 - 4) Respect and protect the natural character of the neighborhood;
 - 5) Ensure that new development is consistent with neighborhood character and the vision that residents have developed for its future;
 - 6) Provide greater residential housing choice, affordability, and diversity;
 - 7) Increase economic opportunities within the neighborhood;
 - 8) Increase recreational resources within the neighborhood; and
 - 9) Ensure that new development is adequately served by infrastructure, including streets, sidewalks, and utilities.
- (b) The HR-R zoning district is designed to protect and preserve the character of existing lower-density areas (minimum lot size 14,520 square feet, or no more than three lots per acre) within the neighborhood while providing for compatible new development, including new housing choice options, and increased home occupation opportunities for residents.
- (c) The HR-CC district is designed to provide for a broader range of housing and employment options by concentrating new development into nodes which will balance providing areas for desired new uses while protecting the overall neighborhood character. Uses appropriate in the HR-CC district include live-work units, flex space, and low-intensity neighborhood-serving establishments such as healthcare, assisted living, elder care, child care, and recreation facilities. Property proposed for rezoning to an HR-CC district shall include no less than five contiguous acres. The district may be expanded to include additional parcels of land so long as such parcels: (i) are contiguous to the district, and (ii) are the same, or part of the same, tracts or parcels of land that were identified in *Mapping Our Community's*

Future for more intensive uses. The development of an HR-CC district may include the recombination of existing lots and/or the subdivision of new lots that meet the density and dimensional standards outlined in Article XII.
