Attachment L-1 of 50

TOWN OF CARRBORO

BIKE PLAN

Q1: How often do you bike during the week?

Answer Choices	# of responses	Percent
76-100% of the time	150	30.4%
51-75% of the time	89	18.0%
26-50% of the time	123	24.9%
1-25% of the time	92	18.6%
never	40	8.1%
Answered	494	
Skipped	0	

Q2: What type of cyclist best describes you

Answer Choices	# of responses	Percent
Strong and Fearless	75	15.2%
Enthusiastic and Confident	229	46.4%
Interested but Concerned	167	33.8%
No Way, No How	23	4.7%
Answered	494	
Skipped	0	

Q3: What factor(s) would encourage you to bike more? (Check all that apply)

Answer Choices	# of responses	Percent
Bike education and maintenance classes	80	16.2%
Bike lanes	381	77.1%
Bike wayfinding signage	126	25.5%
Bikeshare program	44	8.9%
More bike parking	123	24.9%
Safe intersections	300	60.7%
Slower traffic	168	34.0%
Trail or greenway access	352	71.3%
Other	59	11.9%

Q3: What factor(s) would encourage you to bike more? (Other responses received)

Actual consequences to drivers who hit cyclists, or threaten them.

and by bike lanes I mean actual protected, safe, maintained bike lanes

better behavior from bike riders

better maintenance of bike lanes

Better maintenance of existing bike lanes to remove obstacles and dangerous pavement irregularities

Better separation between auto and bike lanes

Better trail connectivity for meadow run ct to Morris grove area

Bike + hlmet rentals / More bike lanes were avail

Bike lane on Estes Extension and wider lanes

bike lanes separated from traffic by parking lines (for example)

Bikelanes not suddenly ending

Biking is too dangerous for me. Senior citizen!

buffered or separated bike facilities/multiuse facilities

by bike lane I mean protected bike lanes

CLEAR bike lanes

Clear bike paths (free from yard waste and vehicles), alert drivers

clearer connectivity of lanes & bike friendly roads

Closing roads every other hour

comprehensive bike routes - not just bike lanes that end. Also bike lanes separated by a curb from distracted connecting routes for long distances. When I can't bike if it's not safe or connected, I bus

dedicated bike trails

Dedicated facilities

Don't bike at all

Driver Education

Drivers being less aggressive towards cyclists

something other than first class citizens among the various vehicles. By law, cyclists have largely the same rights, as they should, of motorists, but dedicated lanes changes public perception. Rather, motorists must be educated Enforcement of traffic laws for all users of roads

Enforcement on car drivers who illegally, unsafely pass/cut off/harass/speed/hit people on bikes; Weaver St. in

Fewer cars, and with drivers that understand pedestrians and people on bikes are vulnerable. They are not

Getting over Boston

Greenway or bike Lanes to surrounding cities and to Durham train station

Having a bike

I bike commute to Carrboro, so getting across intersections safely so people can see me clearly is important...so I

I do not want to bike more

I'm going to ride regardless of hazards and lack of bike friendly infrastructure

Just waiting for the kids to get a bit bigger!

Less bumps in the bike lanes (especially on Hillsborough St.)

Less hills!! Free drinks.

Life factors and logistics

Local NC DOT decisions

Maintenance stations to fill tires with air.

More accountability for drivers that disrespect cyclist space. I've had several people try to pass me and then More careful drivers, less traffic.

infore careful urivers, less trailic

more cautious cyclists

More daycare options in biking distance

More incentives for people who bike rather than driving!

More inclusive road-sharing laws (i.e., less car-centric)

More signs for drivers to be mindful of bikes

More time

My kids bike to Carrboro Elementary and the cars bombing down Main St are terrifying.

No structural supports or changes required. In order to submit I was forced to check a box above, but none

Non aggressive drivers!

Not only lanes and parking, but protected lanes and covered parking

Nothing, I have a physical disability that prevents it.

Nothing. I consider bikes to be a very dangerous mode of transportation

Paved bike roads along major routes to interconnect major towns and cities in the Triangle and beyond.

People on mobile phones...its crazy

Planned round - town fun rides!

Please complete the bolin Creek Greenway!!

Protected bike lanes

Protected bike lanes

Protected bike lanes, a well-connected and safe network of cycling routes

Protected bike lanes.

protected bike lanes; higher-quality bike parking

Protected bike paths

Protected by barrier bike lanes

Protection for Bikes (against theft)

Reduction in distracted driving (cell phones)

Reduction of automobile traffic through downtown Carrboro. And greater connectivity of trails and bike paths

Road use education for all, especially drivers, starting at DMV and drivers Ed level. These factors above focus on Roads or paths just for bikes. It is too dangerous to ride with cars in any condition.

Safely getting myself and my bike downtown without having to drive my own car, because then, there's no point Separate bike lanes when possible

separated bike lanes

some serious driver education about expecting cyclists on the road

Stronger connections between segments of greenway paths, e.g., via path extensions or roads that are

The ability to ride my bike across the triangle seamlessly. A more regional approach to bike travel. I don't really The bike rack at Weaver St. is really horrible right now. They need a new better one.

Time

to see bikers obeying the traffic law

Traffic lights that change for bikes

We DESPERATELY need an overpass over 54 (like the one of highway 40 by SouthPoint mall) so we can ride from

Well paved roads with few or no potholes

Wide shoulders

wider roads or bike lanes, or even sidewalks

Would like to see University Lake, and the surround area there, have some official trails

Q4:I would bike more if... (open question)

... there were bike lanes on every part of ALL major streets.-- even intersections.

... there were safer ways to get to downtown Carrboro. And if I felt more confident about my own ability to fix

...I worked less. Or... I would bike more if there were greenways connecting Carrboro to Durham and Raleigh.

... it was safe to take kids with me outside of the greenway paths

...it were safer to do so. Car speeds are too high in Carrboro--no one should be driving 40-45 here, but it is ...there was better street lighting a night and bike lanes on busier roads like Estes

helpful: 1) construct the hike and bike trail along the rail line for a proper north-south route into downtown. 2) complete the connection of the Bolin Creek trail from Chapel Hill High School to Umstead Park. I know that this project is controversial, but the current trail is in horrible condition and isn't passible by bike or even by foot for

...there were more off-road trails. I'm particularly interested in a connecting the Rose Walk Greenway (behind

A library was downtown

A more direct route to campus that is safe

already bike as much as possible. just pave the roads!

Better infrastructure

better traffic- slowing measures were in place.

Better trail connectivity for meadow run ct

Bike facilities continued along entire routes instead of just sections and if traffic were slower and paying more

Bike is my main mode of transportation in town.

Bike lane or greenway all the way down Homestead Road

Bike lanes

Bike lanes

Bike lanes connected everywhere

Bike lanes extended to my apartment complex

bike lanes into Carrboro from Fayetteville/Dairyland

Bike lanes on 54 existed

bike lanes were a bit wider

bike lanes were continuous and not so segmented

bike lanes were continuous and well-marked

Bike lanes were made with direction (people go both ways in one lane)

Bike lanes were more consistent and people didn't honk, yell and curse at me.

Bike lanes were wider

Bike lanes, protected!

Bike lanes. Designated bike trails with shade.

Bike lanes/I didn't feel like I could be hit by a car

bike paths were more connected to each other

Bike paths were protected and aligned with common destinations

biker riders followed the rules

anywhere outside of town center, if speed limits were enforced anywhere, if there were bike lanes clearly

marked *and protected* from cars, if cars weren't the only priority on the roads, if drivers weren't so erratic

Bikes had a clear route through intersections

Bikeways- pave Bolin Creek Sewer easement and build trail along RR and across Estes to Umstead Park to

Buffered or protected bike lanes

Buses had more racks for bikes

Car drivers would drive in town no faster than the speed limits and if the speed limit was set at 20 mph in the Car traffic was slower and more courteous.

Carrboro cleaned bike areas off after debris/snow clogs our arteries.

Cars didn't suck

cars in town knew how to interact with bikes on the road.

Cars were friendlier

Cars were less aggressive and their were consequences for drivers intent on terrorizing/killing cyclists.

Cars were not sharing the road with me.

cars were not so aggressive!

Cars weren't encroaching on my space and drivers weren't driving dangerously

-Cars/drivers respected cyclists -bike lanes to more places -cyclists respected right of way

Chapel hill and Carrboro were linked by greenways

City would pay for more bike lanes, even if they extent into Orange County and Chapel Hill

Clear lanes throughout town.

Dedicated bike route around main St/Weaver St traffic (Parker St. To Fowler St.). Tunnel under/bridge over 54

downtown areas had better bike lanes

Drivers better understood the rules for passing and yielding

Drivers couldn't use their phones. There were actual shoulders on the roads here!

Drivers were better educated on bike safety

Drivers were less aggressive towards cyclists

Estes and Seawell School road had a bike lane

Everything I needed were within a bikeable distance (20 minutes/3miles). Roadsides clear of gravel (regular

Expanded greenways

garbage cans and tree debris were mandated to be kept on sidewalks instead of bike lanes. AND joggers were

Gas prices went higher

I already bike everyday but all above would help

I already commute to from Carrboro to Durham about 25 miles round-trip daily, M-Thurs

trail. It would be a beautiful, safe, and useful trail for me to ride to town from Cates Farm. I'd also like to be able to ride within Carolina North to the Senior Center, to Chapel Hill High School, and the aquatic center on

I bike all the time but would bike even more if there are fun social bike events to attend

I bought a bike

I could

I could be confident that I could keep my daughter safe (13 years old).

I could bike to work--but that requires going on Estes Extension from Greensboro Rd to Martin Luther King

I could bike with my children: The Shared road is not enough, NEED bike paths!

I could bike with my kids

i could do it safely with my family. think 8-80.

I could get my children to and from without cars and extreme safety issues

I could get my children to and from without cars and extreme safety issues

I could get to further places on bike lanes and through intersections. I keep my riding hyper local because of this

I could get to where I need to go

I could reach the town more easily.

I could safely commute to Durham where I work

I could safely get to all of Carrboro/Chapel Hill without crossing NC-54 or 15-501

I could take my child to daycare via bike.

I couldn't bike more

I didn't have a disability

I didn't have to deal w/ car traffic

I didn't have to ride on narrow, no shoulder, fast traffic roads to get into Carrboro.

I didn't have to work

I didn't have to worry about cars
I didn't live south of 54 bypass.
I don't bike because I am wheel-chair bound, but my community has the same needs - if not more than bicyclists
I felt it was safer for my son to be in the lanes of the roads
I felt more confident and safe on the road
I felt more confident on the road and the intersections had more bike specific lanes.
I felt safe - separation from cars and safe turning
I felt safe biking through town and had a space for bikes alone
I felt safe doing so
I felt safe on the roads
I felt safer
I felt safer
I felt safer
I felt safer across intersections
I felt safer doing so. A lot of drivers around here seem to disregard cyclists in terms of sharing the road.
I felt safer from vehicles
I felt safer on more roads.
I felt safer on roads.
I got over my inconvenience factor of being wet
I had a better bike
I had a bike
l had a bike
I had a bike
I had a bike myself, haven't felt the investment was worth it. Do use UNC's bike share program from the SCE to
I had a bike.
I had a safe route that was more direct.
I had a safe route to my job in Durham
I had easy access to safe biking. I don't want to have to load my bike in the car to go bike.
I had more kids' bikes
I had more time
i had more time :)
I had more time, my knee wasn't hurt
I had more time.
I had more time. It wouldn't hurt if drivers were more alert and educated.
I had more time/work was not so busy.
I had more willpower
I had one
I had the time
I had the time and safe pathways to take my kids out of Lake Hogan Farms
I had time
I had time. Biking to retail was easy.
I have more time, I do it recreational
I have the time
l just don't bike.

I knew how to bike safely / comfortably in the rain

I knew how to make it safe for my 1.5 + 3.5 y.o.

I lived closer to town

I made more of a mental commitment to it.

I owned a bike

I planned ahead more

I planned better. =)

I put my mind to it and worked less

I ride a ton as it is, so I can't really ride more :)

I saw more people on bikes

offer backpack covers or something?) and 2) the amount of car exhaust fumes I have to inhale while biking during heavy traffic periods. The fumes from the local school buses and trash/recycling trucks are especially *horrible*, and I think all the time about how bad inhaling exhaust must be for my lungs and general health (support for this: https://media.springernature.com/original/springer-static/image/art%3A10.1007%2Fs00204-

I was in better shape. I had a better bike.

I was more confident that cycling was safe. I have known too many people injured by distracted drivers. I have I was safe for my kids

I was younger.

I wasn't scared of cars.

I wasn't so lazy

I were certain of drivers noticing and respecting cyclists on the road in town, especially at intersections and

I were younger

I weren't as afraid of distracted or impatient drivers.

I worked in a more central location and there were less hills (really I bike as much as I can)

I worked in Carrboro otherwise I try to bike every time

I worked in town!

I worked in town.

I would have dedicated bike lanes all the time and not have to share the road

If bicyclists in the area weren't so rude and didn't cut me off so much my opinion of them and the activity would If cars weren't jerks

li cars weren t jerks

If I had a place to lock my bike in my townhouse neighborhood

if I had more places to go without passengers (kids) or cargo. I mostly bike for fun and exercise.

If I knew more of the trails/safety on the road?

If it stopped raining so much . . .

If my time was flexible.

if the streets were better

If there were better paths.

If there were more bike lanes / trails.

If there weren't any other forms of transportation on the line.

I'm biking a lot, so I'm not sure I need any changes. I bike commute whenever possible (not on overly cold/hot

increased access to bike pumps that actually work

injury knee

Intersections were safer

It didn't get so hot in the summer

It didn't rain

it felt safer to bike alongside cars. Or if there were paths away from cars.

It felt safer, especially in down town where so congested.

It rained less
it was easier to get to off-road trials (i.e. Wilson Park).
It was easier to navigate motor vehicles in adverse weather or at night.
It was safe to do it
it was safer
It was safer
It was safer
It was safer to get to the heart of Carrboro and Chapel Hill. And if I felt more confident on my bike and didn't
It wasn't so hot. If I didn't have to work in Durham from CH.
it wasn't so dangerous
It wasn't so goddamn hot outside.
It wasn't so hot
it wasn't so hot in the summer
it were cooler in the summer :)
It were easier to cross town
It were easier to find safe routes to bike with my children to our destinations.
it were safer and more bike friendly, especially on my main thoroughfares including Estes extension. It's
it were safer to bike from where I live into town
It were safer to mix motor vehicles and bicycles, or if there were more dedicated bike spaces on roadways.
it were safer.
it were safer. Used to bike to take my daughter to preschool and out in the county with friends but have had
It would have more bike roads and trails more signs and less traffic.
Laws against mobile phones
Less trafficcan the weaver st block before n. Greensboro become a pedestrian street? Also students are
More bike- friendly road features, bike paths. More signs indicating bike trails
More bike lanes
More bike lanes
More bike Lanes
More bike lanes and better maintained shoulders so that road bikes can safely ride there
More bike lanes and greenways
more bike lanes and greenways. I'm particularly hoping there will be a bike trail connecting the new loop in
More bike lanes and places to lock up bike
More bike Lanes and traffic calming
More bike lanes!
More bike lanes, bike-friendly signs, bike separated lanes
More bike lanes, slower traffic, wider roads out of town
More bike parking
More bike parking
More bike paths/greenways
More bike paths/lanes especially when entering chapel hill
More businesses had the ability to set up a rack outside with little to no objection from the city.
greenways are essential to encouraging cycling. Carrboro also could do much more to encourage safe and slow
traffic with a pretty much town-wide speed limit of 25, there's no excuse for folks to drive the way they do.
More connected routes
More greenways, better driver education and safer intersections
More hybrid-bike style trails

More kid safe bike lanes and routes - I like to include my young kids if I can

More of my most frequent needs/destinations were closer

More off-street paths were available, if there were better connections to existing trails (Morgan Creek), and with

more places to bike (ie more trail for mountain biking, cyclocross practice facilities, bike lanes especially those

More preference was given to bikes- more safe facilities, connected greenways. slower traffic..etc

More protected intersections

More protected/ dedicated bike lanes

More routes to good places off of busy roads

more safe direct connect routes & less needing to add distance just to be safe

More straightforward route to unc hospital

More trails or greenway access

More/less beat up bike lanes

Motor vehicle speeds were slow, there were safe intersection treatments for people on bikes, especially kids

Motorists were educated about how to avoid dangerous situations when passing (and to give ample room while My bike fit me

My bike was in better shape

my home connected to a greenway or trail to get to town

My job was more localized.

My kids could ride.

My kids get a little older

-My kids went to the school closest to us -I had a rack so that I could carry multiple bags of groceries -There was

My schedule allowed it

My youngest daughter could ride a bike. Soon....

Not applicable. I bike anyway. Distracted drivers scare me most.

Not applicable. I commute to work at UNC from Hillsborough, and I ride through Carrboro daily.

Not sure

Once I have a good bike to just ride around town

parking and signage improved

Paved path separate from cars

People didn't drive using cellphones and there was a protected lane. A lot of the places I need to go would

people stopped texting and driving. Wider bike lanes.

People would stop texting and driving. Stricter text and driving laws. No one is paying attention.

Post Knee Replacements

Probably not applicable. If I bike, I bike.

Riding on roads were made safer with bike lanes separated from traffic

Roads and intersections were safer and if there were more spots to lock my bike

Roads were designed to be inclusive of bicycles and not considered as secondary to cars/trucks.

roads were designed with cycling as a priority.

Safe and easy way to cross highway 54. The crossings from south of town at 15-501 and smith level make this Safe biking lanes.

safer routes connecting areas i need to go (home, work, out for the evening, etc)

Separated bike paths on major (faster moving) roads.

Streets were designed for them

Streets were more like friendly

visibility of a lot of cyclists is the best encouragement. Second to that, paths that circumvent the highways like 54 around town in order to provide a similar distance but removed from cars that sometimes drift into

The bike lanes were clearer with fewer obstructions/roots/metal plates/bumps.

The bike paths were SAFE

and the wilson park trail. We bike from the Chapel Hill Community Center on the bolin creek trail to Umstead Park, from there to Wilson Park and/or Carrboro Elementary, then to Weaver Street and back on the Libby Cotton bike trail, across UNC campus and down Franklin Street (that bit we do on the sidewalk). It's a great way the bikeable network was connected. often one unsafe stretch will prevent me from biking at all.

need to go to conduct both business and pleasure activities, both during the week but more so on the weekends, but getting down there requires driving. It's not safe to bike down 54 (I live on Hatch Road).

The intersections allowed for more bike traffic

The intersections were improved and better greenways

The intersections were less daunting! And more aware/less impatient drivers!

The intersections were safer

The issue is connectiviety - sometimes the only way is on 15-501 or 54 which are no-go areas for me. Traffic is The Morgan Creek Trail extended to University Lake

the network was truly low stress and suitable for me to ride with my child, and difficult segments like Estes had The roads that actually TAKE me to specific locations seemed more accessible/safer to ride on a bike.

The roads were cleared more quickly of debris after storms and after people put their leaves and tree branches The roads were safe! Need bike lanes.

the roads were safer

the roads were safer

The roads were wider.

The roads were wider/ I didn't feel too close to the cars

The routes were safer for kids. I have 3 children (2 on bikes and 1 in bike seat) and we bike a lot...but would

The streets had bike lanes

The streets were safer

The town really needs to get on the greenway bandwagon!

The was more off-road, manageable bike routes

the weather was always perfect!

The weather was better

the weather was drier or there were fewer hills, but that's not something the planning committee can change. There are more options off road (trails)

There are more trails to connect neighborhoods to popular destinations

there was a better greenway system/better bike lanes

There was a bike lane or sidewalk connecting Southern Village community park to Smith level road. And from

There was a bike path I could use to get to downtown Carrboro without having to use Estes Drive Extension

There was a bike path that connected Carrboro to the ATC trail.

There was a bike share station further into Carrboro

There was a clearer path and slower/more cautious traffic on Smith Level Road and S Greensboro so I could get there was a good way to get where I'm going, meaning not a busy two lane road with no shoulder.

There was a greenway built where the railroad is. Seems silly that we are still on coal...

There was a path alongside Old 86/Hillsborough Rd from Hillsborough Rd/Old Fayetteville intersection to the

There was a pathway between Chapel Hill/Carrboro and Hillsborough

There was a pedestrian/bike overpass over 54!

-There was a safe connection between Carrboro and Frank Porter Graham elementary school.

There was a safe path or lane on Old 86/Fayetteville Rd between homestead rd and Hillsboro Rd

There was a safer place to keep.my bike overnight at my apartment (I keep it in my shed)

There was a safer route to work

There was a safer way to bike to work when it rains (currently have to cross 54); also the Morgan Creek trail gets There was a way to get down Smith Level Road once the sidewalk ends.

There was a way to get to destinations from my home without going on busy streets

there was an overpass/pathway of some sort to cross 54

There was clear connection with bike lanes and greenway systems across the city.

There was good secure bike parking in more places.

There was greenway access closer to my home off of 54

There was more bike parking available, especially covered bike parking

There was more consciousness re bikers + visibility

There was more consistent room on the road (width) not necessarily lined off, but simply space to use that

there was more protected bike infrastructure

There was more protection available to prevent and prosecute bike theft, which happens far too often. Also, I'd

There was safer transit on Estes Drive from Carrboro to MLK, continuing to 15-501. Also, I'd like safer bike

There wasn't a big hill on S. Greensboro!

There were a greenway along Bolin Creek and if there were fewer car lanes/more bike space on Main St.

there were additional bike-friendly routes from Carrboro neighborhoods to downtown groceries, or to the

there were better bicycle lanes through the congested downtown

There were better bicycle plans

There were better bike lanes and greenways.

There were better bike lanes and traffic handled bikes better.

There were better bike lanes on major connector roads like Homestead and Estes dr and Franklin st

There were better network connections

there were better routes connecting Carrboro and Chapel Hill. Taking Main street onto Rosemary or Franklin is

There were better ways and incentives to acquire a bike

There were bike donations

There were bike paths fully separate from roads, or at least with physical barriers separating bikes from cars.

There were bike paths off the main roads/traffic or wider roads/more space. I love riding a bike, but not

There were bike-only lanes. Not just striped but divided physically.

Tennis Club (creating bicycle access to Carrboro High from Rose Walk, Tennis Club Estates and all the apartments in those neighborhoods) and another in Weatherhill Point, creating access to Manor Ridge. There are already

there were charging stations for e-bikes.

There were clear bike lanes, and more trail/greenway access from those marked roads.

There were complete networks to more destinations around town.

There were dedicated bike lanes out to maple view

There were dedicated bike trails

there were dedicated places to bike - NOT on the streets

there were designated bike lanes

There were designated bike Lanes that didn't block traffic and inconvenience lots of other drivers

There were Greenway or bike Lanes to surrounding cities and Durham train station

There were greenways connecting Morgan Creek to Eastgate

There were more "short cuts" like the existing bike paths that bypass intersections and traffic.

There were more available bike lanes

There were more barrier protected bike lanes and Greenways

There were more bike lanes

There were MORE BIKE LANES :) and driver awareness of bikers

There were more bike lanes and better turning lanes for bicyclists.

there were more bike lanes and connected lanes

There were more bike lanes and greenways.

There were more bike lanes and less pot holes/bumps.

kids and 4 bikes, we enjoy recreational riding - but it tends to be more a case of drive to a place, for example to

the community center, to take the Bolin creek trail, or to the Northern Forest to the pumpkin loop. I would

there were more bike lanes and parking

There were more bike lanes and safer intersections

there were more bike lanes and safer opportunities and/or connected greenways

There were more bike lanes and stricter laws regarding distracted drivers.

There were more bike lanes or more public transport to connect to

There were more bike lanes to get into the countryside

There were more bike lanes, bike paths and intersections were clearer for cyclists

than by car (traffic restrictions, traffic lights with cyclist, roads accessible only by bike, not by a car, incentives for biking (maybe some yourbars (sift pards for bike share). One ention could be to set up cabble store structs

biking (maybe some vouchers/gift cards for bike shops). One option could be to set up cobble stone streets

there were more bike lanes.

There were more bike lanes.

There were more bike lanes. Also if there were protected bike lanes on major roads like MLK

there were more bike lanes. Concrete dividers between the bike lane and the rest of the road would be a bonus. There were more bike paths and lanes that are safe

there were more bike paths to destinations that are unsafe to get to on a bike (e.g. near Smith Level/anywhere

there were more bike racks to lock up to.

there were more bike safe routes.

There were more bike trails and drivers were more considerate

there were more bike-laned streets. For instance, I live in Carrboro, and would love to bike my kids in the bike

There were more bikes only paths

There were more car-free bike routes

There were more connected trails and more/wider lanes, driver education

There were more connectors between our existing greenways and bike lanes. I just happen to be able to do most

There were more dedicated bike paths

There were more Greenway connections

There were more greenways and bike lanes.

There were more greenways and public trails

There were more greenways.

There were more lanes and a safety education program for (car) drivers. Many do not know or care how to drive There were more large and safe bike lanes, especially on main thoroughfares

there were more off ride bike paths

There were more off-road trails. Please complete the bolin Creek Greenway!!!

There were more paved bike/walking trails such as a trail along Bolin Creek from Homestead Road into Wilson

there were more places to secure a bicycle at bars and restaurants.

There were more protected areas/routes for bikes that don't involve undertaking the risk of being in (very) close

there were more protected bike lanes and clearer rules at intersections.

There were more public transit stops between Carrboro and Durham or Hillsborough

There were more routes with less traffic to get from Carrboro to Chapel Hill (past UNC).

There were more separated bike paths(not lanes) away from cars

There were more separated trails or physically separated lanes. I have young children and while I'm comfortable There were more signed safe routes in Carrboro and connecting to CH

There were more trail/non-road options. I would opt for a longer route off-road than a direct road option. there were more trails and places to park

There were more trails for cyclists, especially to Southern Village or other places like Eastgate

There were more trails. I already do a ton of road biking, but more trails and greenway access is always a plus, There were more trial. I still ride everyday

There were protected bike lanes and slower speeds

There were protected bike lanes in Carrboro. For a supposedly progressive town, I find it frustrating that there's

There were protected bike lanes, especially connections across multiple parts of town.

There were protected facilities

There were safe facilities to do so and vehicles drove slower

There were safe routes to more places, especially ones where I would feel safe biking with my kids.

There were safer intersections and buses were trained not to cross into the bike lane when there is a bike (this

There were safer places to bike

There were safer roads to bike on to get to places I go regularly, such as the Chapel Hill Public Library, dog parks, there were safer routes to the places I want to go.

There were trails connecting Southbridge neighborhood to downtown Carrboro

There were wider shoulders/bike lines

There would be less traffic

there would be recreational bike paths

they learn to do unto others, as they want cars to do unto them.

Though I bike all the time there are lots of places I find unsafe or confusing for sharing.

Traffic lights actually recognized that you were there so you don't have to wait for a car to trigger the weight

Traffic safety were more rigorously observed

Traffic speed was decreased, or we had some streets closed to traffic (even if only specific days). For example,

Traffic was slowed down in our school zone. And if there was a safe way to cross Hillsborough from McDougle to Traffic was slower

Traffic was slower Protected bike lanes

Traffic wasn't so crazy

Trails were easier to access. Greenways connected to places I want to go.

Trails/Greenways

Two issues 1. Busy and dangerous areas are missing bike lines. Weaver/Greensboro as an example. Bike lanes unsure

We had more facilities that were separate from traffic and SAFE on town streets

Work happened closer more often

work schedule would allow

Q5: My favorite place to bike in Carrboro is (open question)
in Chapel Hill on the bolin creek trail.
through time and space.

Hillsborough Street and Shelton Street

Hillsborough Street, W. Main Street, and on dedicated Bikeways (i.e., no cars)

Honestly, I love biking my kids to school (Carrboro ES) and to eat/play/market to teach them the importance of

I bike from our neighborhood down Hillsbourough/Greensboro to weaver street area and then typically park and I don't have one... yet

I don't because of the way people drive

I don't bike in Carrboro

I don't bike in Carrboro

I don't bike.

I don't feel safe biking in Carrboro, and the trail or lane network isn't a network as much as unconnected spaces

I don't have one

I just ride to the bar or do errands at Harris Teeter.

I like the Libba Cotton bikeway b/c it's separated from vehicular traffic

I like to bike around the northwest part of Carrboro and also downtown to campus.

I love biking around Carrboro with my family and feel that it is quite safe. We take side roads with the kids to

I really don't bike in Carrboro outside of our neighborhood (Lake Hogan Farms) because the risk feels too great.

I started biking from the highlands to campus through carborro. .

I taught my kids to ride bikes on the Shetley bikepath.

I use the bike lane next to the train tracks on my commute. Love that it bypasses some of the traffin in the

I use the Libba Cotten bike path constantly as a conduit to get from UNC out to the rural roads northwest of

I used the greenway from Carrboro to Cameron street every day and I would be really happy if there were more I usually bike in Chapel Hill

I'd like to go a long bike/walk paths

I'm moving to Carrboro because I hear it is a bike friendly city

I'm not sure exactly where the town limits are. I love the Greenway along Umstead Drive. I wish there were

In downtown Carrboro and wherever there are bike lanes

in my driveway

In my neighborhood

In the bike lanes

in the bike lanes

In the neighborhood, and back and forth to school.

In town

Into the countryside from Wilson Park

Into town from the north

Is there a place to bike in Carrboro?

Jones Ferry Rd

Jones Ferry Rd.

Lake Hogan Farms

Lake Hogan Farms.

Leaving the stress of Town Limits.

Libba Colton

Libba Cotten

Libba Cotten Bike Lane - because it is car free. But it is so short.

buses & it's dangerous. Also, Estes ext loses real bike lanes/sidewalks coming into Greensboro street intersection. It's too tight & traffic moves a little too fast.

I can't bike with my kids and connect safely to the greenways and bike lanes into Carrboro. The one I take stops I don't know

I don't know

I don't mind riding on the hill going to the west on Estes Drive Extension but that is probably the most difficult

I don't mind this but the two most difficult places for most people would be up South Greensboro and up the hill there's a bike lane, there are always trash/recycling bins obstructing them, and the road is extremely bumpy. I also never even bother trying to bike on Franklin/Rosemary streets and I actively avoid the area around Carrboro's Weaver Street Market (East & West Weaver Street, Roberson Street, West Rosemary) because the I still feel guilty riding on Main St when I slow down traffic on the one lane road. It makes me not want to bike. In front of fitch In front of Weaver St In the streets with cars In the Weaver St. Area In town In traffic -Intersection at Greensboro and Weaver, when the traffic gets heavy and the bike lane disappears Intersection at Spotted Dog, Intersection at Chapel Hill Car Wash and in front of Milltown. Intersection of Estes and Hillsboro Intersection of North Greensboro Street and Weaver Street. Intersection of S. Greensboro and Main St. Intersection of Weaver and N Greensboro Intersection of west cameron and south merrit mill to get onto Libba Cotten trail Intersections Intersections around Main and Greensboro St Intersections around weaver street and on the busy roads with no shoulders (e.g. Estes) intersections near Weaver Street Market, Open Eye Intersections on Weaver St Intersections where bike lanes disappear Its all pretty good! It's on the line w/ Chapel Hill -- but it's the transition from the Libba Cotten bikeway to the Merritt Mill/Cameron Jones Ferry and 54. Jones Ferry and Old Fayetteville need to have a way for bikes to trip the light. This intersection also has poor Jones Ferry Rd Left turn from Merritt Mill to Libba Colton limited, it's pretty easy within Carrboro. Literally ALL of Greensboro St. (For reference, I'm not a fearful octogenarian, nor am I a overly protective Main and Roberston St crossing/tracks. Estes (Carrboro part) and Weaver St Main by the tracks or Greensboro by town hall Main st Main St (east) Main St at Roberson Main St between Rosemary and Weaver; Estes Dr Ext from N Greensboro St; Old Fayetteville Main St from Weaver St to Merritt Mill Rd Main Stree. Q14: Any other comments? (Open ended)

(1) Crosswalks needed on Greensboro for kids who walk and bike to school (2) Speedbumps and any other

are a lot of riders and walkers coming out on to Shelton. It's dangerous. *It would be a dream come true to have the block of Weaver St at Weaver St market closed to traffic and open for bikes, plants, walkers. *Related, there is a serious need for a clear and safe bike route through downtown Carrboro. Getting between the bike path on the railroad tracks and through the shops around Main & Greensboro is dangerous. A clear and

in Carrboro for more than 15 years? 2. Access for differently-abled: Why aren't adult tricycles offered as an option to factors that would encourage you to bike more. 3. Safety: Why hasn't a question been asked as to whether as a cyclist one wears a bike helmet? Uses rearview mirrors? Uses and has operating bike lights?

roadways) 3. Fewer cars. 4. Drivers that adhere to the speed limits 5. Lower speed limits. Twenty is Plenty 6. Drivers that understand how vulnerable pedestrians and people on bikes really are and give them ample room. 7. More bike parking, and parking that isn't awful. Covered parking, too. Weaver Street Market needs a lot more bike parking. 8. Town staff and town leaders should be out front and showing others how to get around on

54 should never be considered a bikeable road Clearer/safer alternatives for new/inexperienced riders.

A bike lane along Hillsborough Rs going towards/through the Calvander intersection could be a literal life saver. downtown Carrboro and Frank Porter Graham. And, the stretch of Hillsborough Rd out to Calvander, and east on Homestead Rd is situated between at least 6 schools, therefore there needs to a combination of bike lanes,

Elementary, McDougle Middle, Smith Middle, Chapel Hill HS, and Carrboro HS can do so as safely as possible. Support a law against use of cellphones while operating the evil combustion engine.

An improved neighborhood connection between Meadow Run Ct and Tallyboro

at one point people were handing out go triangle bike lights on the bike path behind cats cradle (it might have

At the Club Nova non profit

Bike donations for people who need bikes

Bike lanes and designated routes are a huge help for urban bicycle commutes.

Also, consider dedicated traffic signals to allow cyclists a head start to get through and out of the way of turning vehicles.

bike lanes on Old Fayeteville Rd heading North out of town and then along Dairyland would be a huge benefit to Bike lanes seem to disappear when they're most needed- intersections and narrow, high traffic areas. Still,

bike lanes separated from traffic by parking lines (for example)

bike riders need to obey the rules of road-they make the roads unsafe for themselves and walkers

Bikers on Calvander and other non-bike lane roads cause nuisance traffic problems and unsafe conditions for Comment

cutting down some trees. If trees are the stumbling block then let's have a tree planting program to offset the ones removed to allow useful, efficient bike paths that all people can use for transportation. Only the able bodied people can use Bolin Forest paths now- that;s not equitable. Let's help children bike to school within the forest. Let's give the elderly and the less able a place to enjoy nature. Open up Bolin Creek to everyone- pave the

-Cyclists don't follow traffic lights and we're afraid of them getting hit -Physical bike lane separations, please! difficult for children in bike lanes.

Double down on cell phone users and speeding (nearby, not just downtown).

comfortable riding with my children. For now, the best place to ride is a half empty downtown parking lot or on trails. Though the trails inevitably don't connect to lead to any type of system. I live a 5 minute walk from the center of town and I would not feel safe allowing my children to navigate the downtown intersections because there's no space to ride, vehicles drive too fast, and sidewalks are barely wide enough for pedestrians let alone a

EASY group rides Paper Survey

Eubanks too dangerous for kids to bike to school

the weekend) and will be use only for bikes or farmers markets/stands. That way, even smaller children will be encouraged to take a bike to school as well as adults, traveling to work. There might be set up special waiting preference lines for people at the public places like DMV or Town Halls, because cyclist do not take parking spots. I think that bike stands could be commercialized giving companies the opportunity to sponsor the bike stands while promoting themselves and their products. Cycling classes as part of sport classes in high schools Families would ride more if kids could be better protected. It's just not safe to have young kids off the sidewalk, the bike lanes are not always open (yard waste, trash, cars), and the drivers are insane.

Fix potholes downtown (please).

Fix the raised metal cover in the intersection of South Greensboro and Jones Ferry (in front of Wendy's) and the so thank you very much. I would love to see vehicular traffic shut down on Weaver St and Main St right at downtown (from The Station/Armadillo Grill all the way to the PD/Cybrary).

Get Chapel Hill to do better. The most important part of being bike friendly is to network: connect bike lanes, connect areas with bike infrastructure, incite neighboring areas to do the same.

Get the bikes OFF the streets!

Give them tickets for doing dumb things in traffic.

Great project! Full speed ahead!

Hope you all are coordinating with Chapel Hill and Orange County

How can we get Carrboro to Gold?

I think it is Orange County, but Smith Level Road is a main artery now and biking south toward 15-501 is too

I am NOT in favor of paving along Bolin creek as a way to create a bike path. Destroying greenspace for cyclists is bike and walk more in this community by creating more parking lots and car lanes. I hope we start with enabling bike and Ped with the intent to reduce demand for car facilities.

I bike to the university campus every day, but anything you can do to make it safer and easier would be

I don't live in Carrboro but I bike through Carrboro at least ten times in a typical week (going to and from work or

from our house because it was on the far side of 54 and biking on the side of 54 with a toddler didn't feel safe, especially with the giant hill of Greensboro Street the closest option. Now we might attempt it, if we still lived there, but Greensboro Street is narrow and climbing it with traffic going by would be scary.

would enable me to go on longer bike rides with my kids. as it is now, there are no "long" (e.g. 4+ mile) rides we can do on greenways with kids. we have to go to the tobacco trail to do longer, casual family rides.

I love summer when the college kids are gone and I don't have to constantly worry about bike riders acting

intersections of Greensboro and Main as a bicycle and pedestrian road only. Re-route all motor vehicles through Main St. That bottleneck is always too tight when bicycles, pedestrians and motor vehicles are trying to

I realize that in LHF we are outside of "Carrboro proper", but we are technically still part of Carrboro and could easily bike to downtown Carrboro if there were safe routes that felt doable with children.

benefits of biking to work outweigh the risks, but I know many people who have been hit by cars biking around chapel hill and Carrboro.

I really would love to see some protected bike lanes and safer lanes for bikers on roads that are busier. I would

Greensboro St. In my mind this should be a pedestrian/bike only stretch of road. Not only are the cars dangerous to children running around Weaver Street's lawn, but the air pollution from idling cars should be considered a public health concern. Closing down this section of E. Weaver St. to cars would be a huge benefit to bikers and pedestrians in Carrboro, and make very little difference to drivers - Westbound drivers can use Main St. Eastbound drivers from Weaver St. can turn right on Greensboro and use Main St. The truly bold idea would be to make all of Weaver St pedestrian/bike only. I would love to see that too. But at the very least, I would love to

I think you're basically doing a great job! How about placing request for light change buttons on the curbs so I used to bike as my primary mode of transportation. Now I'm nervous to do it with kids in tow.

I would like a bike trail connected from Lake Hogan Farm to the rest of Carrboro

I would like to highlight how Weatherhill Point, Tennis Club Estates and Rose Walk are cut off because of Morgan

intersect Jones Ferry but do not have traffic signals. On multiple occasions, I have felt unsafe crossing the road, especially where the speed limit increases and where visibility is impaired (eg hills). It's not uncommon for people waiting to cross the street to miss a bus that they were intending to ride because there has not been a I would love to see Carborro, UNC and CH all connected with greenways so we can give up our town.

I would love to see Carborro, UNC and CH all connected with greenways so we can give up our town.

I'd like some sort of check on aggressive cyclists. They give the rest of us a bad name.

I'm curious if there could be a bike path from the new honey suckle tea house (out in the country) into carrboro? housing, shopping centers, recreation at University Lake. Particularly tricky is the junction with 54 with cars entering/exiting highways, merging across lanes, buses, etc. .

bikers going to navigate it safely if cars aren't ever required to come to a full stop? If we're counting on the goodness of their hearts, I have to say that everyone is in a big old hurry from 7:30-9am and again from 3-6pm so I don't see there being any generosity of spirit extended! Also, it seems that the intersection is deemed dangerous enough to schoolkids to pay a crossing guard to ensure safety to/from Carrboro Elementary, so I can't

Closing off Weaver Street (between East Main and Greensboro) every Sunday from September to November, and again from March to May, would be a great way to get people out of their cars.

Calvander. Many cyclists use this route to get out toward Mapleview and there is always a traffic back-up behind them.

(and the law is often either unknown or misinterpreted to be applied as 'what's best for me'). It is important to remember that almost all, if not all, cyclists are also drivers. This is not an 'us V them' scenario. Education is the only way to make broad, long term change in how cars should interact with anything else sharing the road - a

increased bike parking, a greenway that connects CH to Carrboro. Please, complete the bolin creek greenway!

times I'd want to drive, no matter how great the bike lanes are (night, rain, really hot, need to transport stuff, get somewhere quick with kids, dressed-up for a fancy event, etc.). Please don't consider improvements for cycling accessibility to be a replacement for traffic management and auto parking planning.

I've been told repeatedly that the "Bike Plan" is supposed to be a Bike and Ped Plan, but there isn't a single lane reconfiguration on Main Street, make bike lanes contiguous with Rosemary Street, slow zome downtown

Leaves in the bike lane also recycling/trash, bus in the lanes. Paper Survey

on greenways and NOT have deal with cars. Also, to see the number of people walking, running etc. is great. I find it hilarious that Carrboro is labeled as a "silver" bike community when is lacks greenways. It is time for Carrboro to put greenway development on the forefront!

Local Mt bike trails Paper Survey

other groups besides the bike group. The conversation on bike lanes needs to move beyond where it currently sits that any accomodation for cars is bad. People are going to be using this type of transport for the forseeable future, and it is shifting more and more to EV's, so look at the future and don't just react out of some ideological Look to a place like CO for how to make a bike friendly neighborhood. We could bike all over there and not feel

Make bikers obey the traffic laws.

More greenways would make pedaling into and around town better in order to avoid vehicle traffic. More public trails would help grow the cycling community and get more people interested.

501? Those are level, direct routes, but bike lanes are not enough for most people (myself included) given the speed and volume of motor traffic. I bike to work in Southern Village sometimes, but the hills are intense, and the bicycle lanes at the Smith Level Road and 54 interchange are dicey.

more safety for cyclists and for car drivers to be more considerate of them

More than bike lanes, we need sidewalks!

what is outside of Carrboro town limits. I would love to see if the town could put pressure on the NCDOT to get bike paths on that very busy section of Old 86. Seems like a safer solution for both cars and bikes.

in the mornings. I have been hit by a truck here and several other close calls. I also find it very frustrating that
home owners put their yard waste (especially huge piles of leaves (W. Cameron St) in the bike lane. This forces
me into traffic unnecessarily. Thanks.

Please continue the bikelanes through the downtown area - this would be hugely helpful. And please come up
with a way to keep the bike lanes clear of debris so we don't have to go out into the street.
please implement the greenway plan and truly connect Carrboro to Chapel Hill via shared use path/greenway.
Please incorporate the Greenway Master Plan into the Bike Plan update. Greenways are used for both recreation
Please pave the bolin creek greenway - the erosion there is a mess and everyone deserves accessibility.
Please share this feedback and coordinate with Chapel hill jurisdictions!

work around 10pm some nights, and the light at the intersection of Roberson St. and Main/Weaver never registers that I am there, so I have to bike through the red when turning from Roberson onto Weaver. (I do not believe riding up onto the sidewalk to push the pedestrian signal button is an appropriate solution.) Also, in future surveys, please remember that gender is not a binary and remember to include gender options beyond

hit a biker because they ran a stop sign or red light, and FAR too many times have I been stuck behind a bike or bike group because they wouldn't let me pass even though they had room to move over. I've even been cut off by a bike before. If they want the respect of drivers they need to show some in return. That is all.

Problem areas: Intersection at 610 W Franklin St, Chapel Hill, NC 27516; Rosemary Street.

Prompt clearing of bike lanes/bike trails of debris (from construction, after storms, snow etc.

Protected bike lanes would help

Protected bike lanes! Finish the Morgan Creek trail. Give smith level a diet plan down to 2 lanes.

Round-abouts are dangerous for bikes!

runners! joggers! truck drivers who run my husband down...

school bus transportation will be revoked if bike paths are made. These neighbors trying to influence other neighbors on the list serve though. Many are waiting for more information.

Shoehorning bike lanes into the existing road structure is insane. More bike specific pathways and trails need to be built from the ground up. Biking on the current roads is very hazardous.

Sidewalk bike maintenance stations are cool.

Sidewalk on South Greensboro Street would help

Greensboro? It is confusing for approaching drivers to have them so close together with one made more visible, and it's not safe for pedestrians.

in the face of climate change, and that starts with local governments making it safer and easier for citizens to do so. You're appreciated :)

Thanks for all the dedication y'all!

Thanks for making this survey. Carrboro is great for bicycling!

The stretch of N Greensboro between McDougal School and Calvander is just plan scary dangerous. It is also There are not many questions here. What are you trying to figure out from this?

Think about routes for kids getting to school and new library and road riders heading North and out Jones Ferry. Think of the youth. Any bike plan should be safe enough for child to get around Carrboro otherwise you're only this is great!

space for bikes (and even closing a road to pedestrians and bikes if needed) goes a long way in creating an environment where people want to linger (and spend money!). Otherwise Carrboro's a pass through for people heading between work and home. That's a not a home or a place where people want to be.

This survey seems biased in that it only seeks responses from bikers. It makes me feel like whoever developed it is trying to to manage our transportation plan in favor of cyclists. I would prefer the focus to be on all residents.

in advance to let people know the date and details. Otherwise its always a surprise as you ride by. If I don't know to plan ahead I can't stop and participate because I'll be late for work. Thank you for the event!

Traffic circles have been problematic with cars not yielding at circle entrance or trying to pass bike within the vickyolive@gmail.com

public transit. We really need crosswalks throughout the 2-mile stretch in Greensboro where many children go to/from school (and potentially more if it were safer with crosswalks and better protected bike lanes). The Hillsborough road /Greensboro road intersection is very dangerous during morning commute. Also some bike lanes need road repair (I'll add to map). When community members put their garbage/recycling bins or yard waste in bike lanes or park cars in bike lanes can they get a warning from the town? Such lack of consideration

Also do not pave in riparian areas, keep the areas water clean in accordance with the clean water act. Swimmable and fishable waters are the goal of that law.

Work with private business owners to provide them with necessary bike parking. Allow small businesses to apply

Would like to see a safer way to ride on Hillsborough between Old Fayetteville and Dairyland.

Would love a bike lane system similar to Boulder, Colorado where you can traverse the entire town on bike Would love a bike rack in Fenway Courth!

yes, when cars or trucks are running "80" MPH. we need to look out for biker.
