I am simply a resident. I would just like to be more actively involved in helping to keep Carrboro amazing.

Please enter the requested information.

**Relevant Experience:\***

Well, I'm poor and finding respectable living spaces in my price range wasn't a particularly easy process. I think I can offer perspective and voice for those who love this town for the culture it offers but can't necessarily afford to pay for its justifiable value.

**Reasons You Wish to be Appointed\***

I was actually approached by Ms. Buzzard after a post I made on Nextdoor about Carrboro losing it's culture of community. This avenue of service had never crossed my mind but I'm a huge believer in stepping through doors of opportunity when opened.

**We believe as a Town and as a Town Council that racial equity and diversity and inclusion are important. Please tell us your thoughts about this and why they are important not only in advisory board/commission work but also in all facets of local government and community work.\***

LOL, I could write a dissertation on this topic but to keep it simple: Diversity, equity, and inclusion are paramount to any offices accurate representation of its community/consituents. EVERYone matters.

After completing two full terms, a member must take off one year before applying for re-appointment to the same advisory board. However, a board member may apply to serve on another advisory board if he/she desires. The Board of Aldermen may make exceptions to this rule under the following circumstances: 1. I am interested in getting into politics or helping my community in any way I can. A former coworker (Cain Twyman) told me there is an opening on the affordable housing advisory board and would be a great way for me to get involved in the community.

**We believe as a Town and as a Town Council that racial equity and diversity and inclusion are important. Please tell us your thoughts about this and why they are important not only in advisory board/commission work but also in all facets of local government and community work.\***

I went to a private liberal arts college so I am educated in the subject of racial equality and diversity. I believe it is crucial in order for a community to be successful. I am a registered Democrat and one of our main ideologies is racial equality and diversity. Through racial equality and diversity, we are able to learn points of view from a wide plethora of our community. We are stronger when we work together. As long as society exists, there will be racism. However, it is up to each individual how they approach it. We cannot approach it with prejudice or violence. We will be a better community if we include all walks of life in decision making because it will affect everyone in the community, not just your race of people. We can also help those less fortunate by including all races. We can also help a persons socioeconomic situation by including them and treating everyone as equal.
