Dwayne Brinson, the County's Tax Administrator, presented the report of the County's recent revaluation process and findings to the Board of Aldermen.

PUBLIC HEARING TO OBTAIN COMMENT ON THE IMPLEMENTATION OF BODY WORN CAMERAS (BWC) BY THE CARRBORO POLICE DEPARTMENT

The purpose of this item was for the Board of Aldermen to hold a public hearing to receive comments from the public regarding the implementation of body worn cameras by the police department and how the new law N.C.G.S.132-1.4A will affect disclosure and release of recordings including in-car recordings.

Police Chief Walter Horton presented the staff report.

Mayor Lavelle opened the public hearing.

Braxton Foushee stated that he opposed an officer having the opportunity to review the video footage before they write their official incident report. Chief Horton stated that it is necessary to have the facts straight in the report and that the officer would only review the report to ensure that the written report accurately reflects the footage. Alderman Seils clarified that if there is an officer involved shooting then the police officer will not be able to view the video prior to completing their report.

Nick Herman, the Town's attorney, stated that he wanted to add language to section VIII (A) to read "or as otherwise authorized by law." The new subsection would read: "Disclosure or releases of recordings will be governed by the procedures outlined in NCGS 132-1.4 A. or as otherwise authorized by law. It is the policy of the Town of Carrboro that the police department will have a strong presumption in favor of disclosure."

Alderman Seils asked that the policy and the disclosure request form be available on the town's website.

Alderman Chaney suggested that the Police Chief report back in one year after implementation on how the policy is working. She stated that she would like to know about compliance issues, training value, number of disclosure requests, and how they have been handled. She stated that she would also be interested in situations where an outcome has changed because of the use of video. She stated that she is in support of the policy.

Alderman Slade stated that he feels that the state statute regulating the release of the video limits the accountability of justice and for that reason he does not support the use of police body cameras in the town at this point.

Nick Herman, the Town's attorney, stated that he believes that either the Town Manager or the governing board should be able to review recordings for the purpose of ensuring that the Police Department is performing its duties properly as a personnel issue and suggesting striking the sentence in section VI (F) "Recordings made with this equipment are not public records."

Alderman Johnson stated that she likes the idea of a report in a year. She stated that she is in support of the policy.

Mayor Lavelle stated that she supports the policy and acknowledged how it is limited by the general statutes.

The Mayor closed the public hearing.

MOTION WAS MADE BY ALDERMAN SEILS, SECONDED BY ALDERMAN CHANEY TO:

1) AMEND THE POLICY AS RECOMMENDED BY THE TOWN ATTORNEY AS SHOWN BELOW:

VI.

F. Delete last sentence: ~~Recordings made with this equipment are not public records.~~

VIII. Disclosure or Release of Recordings

A. Disclosure or releases of recordings will be governed by the procedures outlined in NCGS 132-1.4 A. or as otherwise authorized by law. It is the policy of the Town of Carrboro that the police department will have a strong presumption in favor of disclosure.

2) AUTHORIZE THE APPROVAL OF THE BODY WORN CAMERA POLICY AS PRESENTED IN THE AGENDA ITEM

3) HAVE A REPORT FROM THE POLICE CHIEF AFTER ONE YEAR OF USE

4) HAVE A RESOLUTION, IF NECESSARY, BROUGHT BACK BY THE TOWN MANAGER FOR THE PURCHASE OF THE CAMERAS.

PUBLIC HEARING ON SPACE NEEDS STUDY AND TOWN BUILDINGS CONDITION ASSESSMENT

The purpose of this agenda item was to provide the Mayor and Board members an opportunity to receive the final draft of a Space Needs Study and Town Buildings Condition Assessment.

Trish McGuire, the Planning Director, introduced the item.

A representative of the consulting firm, Creech and Associates, then provided the report to the Board of Aldermen.

Alderman Slade stated that he wants the Town to consider a lifecycle cost in regards to energy efficiency.

There were no comments provided from the public.

The Town Manager will continue to work with an architect to gather additional information to report back to the Board at a later date.

CONSIDERATION OF TOWN CODE AMENDMENTS TO MODIFY LIVESTOCK PROVISIONS PERTAINING TO CHICKENS AND RABBITS

The purpose of this agenda item was for the Board of Aldermen to consider amendments to the Town Code Amendments pertaining to chicken and rabbits.

Tina Moon, the Town's Planning Administrator, and Jeff Kleaveland, the Planner/Zoning Development Specialist, provided the staff report.

Alderman Chaney asked what else the Town needed to know regarding slaughter and stated that the definition of "fully enclosed structure" may need to be addressed. Jeff Kleaveland stated that adding further information may be needed. She asked if there could be an accessory use allowance for the sale of eggs. The Board stated that there is an interest to review the possible sale of eggs.

Alderman Seils stated that the current Town Code already allows the keeping of fowl and the slaughter of animals on their property. He stated that this amendment is about addressing the number of fowl as they pertain to lot size.

Mayor Lavelle opened the public hearing.

Justin Van Kleek, a resident of 87 Ranger Road, Chatham County, stated that he runs a 501(c)(3) with his wife and that he sees a lot of fowl that they have to rescue. He asked the Board to consider allowing roosters because the inability to keep roosters in town means that people set them free in the woods and they get sick and diseased. He stated that the requirements for the coop sizes are inadequate.

Alderman Johnson suggested a mandatory training course prior to receiving a permit for the chickens. The Board agreed with this and requested further information. She stated that the course would offer additional educational opportunity for those interested in keeping fowl.

Alderman Chaney stated that she is concerned about the comments received where people are uncomfortable with having chickens next door and she stated that she wants to make sure that there is a method of recourse that neighbors feel comfortable with. She also expressed concern with the public health issue related to slaughter and asked the Board to cite any regulations in the ordinance. She stated that she is also concerned about the rooster provision and stated that she is unsure how to remedy that issue but that they are not pleasant.

Bob Morotto, the County Animal Services Director, explained the permitting and compliance process. He also suggested that the Animal Control Board work by reaching out to the Cooperative Extension Agency and to various farm organizations in Orange County.

Mayor Lavelle closed the public hearing.

- (1) The owner of any animal who (i) is required to remove his animal from the Town based upon a finding that the animal is or creates a public nuisance, or (ii) who has been assessed and has paid a civil penalty, (iii) whose permit is denied or revoked pursuant to applicable regulations, or (iv) whose animal is declared to be “dangerous” or “vicious” pursuant to applicable regulations, may appeal to the Animal Control Board. An appeal shall be taken within ten (10) days after receiving the written notice of the determination appealed from except that appeals from a determination that a dog is a vicious dog or a dangerous dog shall be taken within three (3) days of notification. An appeal is taken by filing a written notice of appeal with the administrator and stays all enforcement efforts of the administrator until the appeal is disposed of. An appeal from an order to pay civil penalties shall first be reviewed by the Chief of Police, or his designee, who shall have the authority to affirm, revise or modify the order. If the owner is unsatisfied with the first civil penalty review, the owner may then appeal to the Animal Control Board of Appeals within ten (10) days of the Chief’s, or his or her designee’s, decision.
- (2) The Animal Control Board of Appeals shall consist of three (3) members and one (1) alternate appointed by the board of aldermen. The board of aldermen shall designate one member as chairman. The member shall serve three-year staggered terms. The alternate shall also serve a three-year term and shall be appointed initially for a term of three (3) years.
- (3) The board shall meet within twenty (20) days after notice of appeal is filed. A quorum of the board shall consist of three (3) members, and all decisions shall be made by majority vote. The board may uphold, reverse, or modify the determination appealed from, and the administrator shall thereafter continue, modify or cease his enforcement efforts in accordance with the board’s decision.
- (4) The burden of justifying the administrator’s determination shall be on the administrator. Strict rules of evidence need not be followed, but the board

may consider only what a witness knows of his own knowledge, and no decision may be based upon hearsay alone.

- (5) The board shall reach a decision as expeditiously as possible and shall provide the appellant and the administrator with a written decision, stating the reasons therefore.

(b) Penalties:

- (1) A violation of any of the provisions of Sections 10-3, 10-4, 10-5, 10-5.1 and 10-5.2 shall subject the offender to a civil penalty of \$25.00. Third	\$ 75.00
Fourth	\$ 100.00

A fifth or subsequent violation of Section 10-3 shall subject the permittees to revocation of their permit upon written notice of record. Said notice of revocation is subject to appeal pursuant to subparagraph (a) above.

If the offender fails to pay any penalty within fifteen (15) calendar days after being cited for a violation, the penalty may be recovered by the town in a civil action in the nature of a debt.

- (2) Each day that any violation continues after a person has been notified that such violation exists and that he is subject to the penalties specified in subsections (a) and (b) shall constitute a separate offense.
- (3) This chapter may also be enforced by any appropriate equitable action, including injunctions or orders of abatement.
- (4) The town may enforce this chapter by any one or any combination of the foregoing remedies.

Section 2. The Board further concludes that the above described amendment which will align the provisions of the Land Use Ordinance, with regard to setback provisions for certain livestock facilities, to those in the Town Code relating to Animal Control is in the public interest.
