TITLE:
Update on Town Transportation Projects and Initiatives

PURPOSE: The purpose of the agenda item is to provide the Board with an update on the status of new and existing transportation projects and initiatives in the Town.

DEPARTMENT: Planning

CONTACT INFORMATION: Bergen Watterson - 919-918-7329

INFORMATION: The Board has not received an update on the transportation projects happening in Town in quite a while. Some are existing projects and others have not yet begun. The majority are infrastructure projects like greenways and sidewalks, but others are programmatic or research-based. Some of the infrastructure projects are NCDOT-managed and others are administered by the Town.

The memo provided in Attachment B provides a brief overview of the current transportation projects. The information in the memo is fairly brief; if any member of the Board would like more detailed information of any of the projects, this will be possible during the presentation at the meeting. This update is something that staff would like to do once or twice a year to ensure that the Board stays abreast of the happenings in the Town's transportation realm.

FISCAL & STAFF IMPACT: There is no fiscal impact associated with receiving this information.

RECOMMENDATION: Staff recommends that the Board of Aldermen approve the resolution provided in Attachment A receiving the update.
