**TITLE:**

Stormwater Utility Monthly Report

**PURPOSE:** The purpose of this item is to provide the monthly update regarding Stormwater Utility projects and initiatives.

**DEPARTMENT:** Public Works

**CONTACT INFORMATION:** Randy Dodd, Stormwater Utility Manager, 919 918-7341

**INFORMATION:** The report identifies 13 separate projects and initiatives that Stormwater staff are currently or will be involved in in FY 20/21. These are specific efforts, some time-limited and others part of ongoing stormwater program development, that are above and beyond the baseline workload that includes but is not limited to: program administration; responding to requests for support and community outreach; stormwater system inspection and maintenance; reviewing development plans; stream determinations/buffer reviews; and illicit discharge response and pollution prevention.

An emphasis of Stormwater staff work (beyond core workload) since the last report has been: continued follow up from the August NPDES permit audit; outreach and implementation for increased Stormwater Control Measure maintenance oversight efforts; closeout for two capital projects and planning for new projects, and preparing the annual CIP update.

**FISCAL & STAFF IMPACT:** There is no fiscal impact associated with this update. There are/will be nearer and longer term fiscal and staff impacts, as presented in the report.

**RECOMMENDATION:** It is recommended that the Council receive the staff report.
